Holds Yankees To Tie In Ten Inning World Series Game

FANS RIOT AS GAMES CALLED

Darkness Halts Struggle in Tenth Inning With Score Tie.

MEUSEL BROTHERS HEROES IN BATTLE

Officials Call for Re-playing of Second Contest Tomorrow

POLO GROUNDS, NEW YORK, Oct. 5.—A mob of fans enraged because today's world series game between the Giants and Yankees was called because of darkness at the end of the tenth inning, surrounded Judge K. M. Landis, national commissioner of baseball and followed him, hooting and yelling, across the field and out of the park.

Landis, with two or three special policemen fighting to keep back the crowd was jostled and buffeted by angry men. He stopped several times and faced the mob, shouting back at them and flourishing his cane over his head.

The commissioner's hat was off and his gray hair was towering above the sea of hate as he defied the throng.

The anger of some of the fans was raised by the fact that they believed there was sufficient daylight to continue playing.

Just before entering his automobile the commissioner said to the United Press:

"This is nothing."

In an added statement, Judge Landis said the action of Hildebrand in calling the game was justified. He said that in an important series like the world's series both teams should have the same conditions as far as possible and if the game had not been called one of the teams would have had an advantage.

The officials of the two clubs announced that tomorrow's game would be another Yankee game and that the Yankees take the field first.

The Meusel brothers, rival outfielders from Los Angeles, were the big figures of a thrilling game. After Groh and Frisch had singled in the first inning, Irish Meusel picked a slow ball waist high and dropped it into the hordes in the left field bleachers for a home run, giving the Giants their only three runs.

Bob Meusel, the younger brother of the California pair, grabbed out of the bag what looked like a sure defeat for the Yankees in the eighth inning. His double to center, following Ruth's two base blow, put the Babe over with the tying run.

Jesse Barnes, the Kansas curve ball artist, pitched a brilliant game. With the exception of the first and fourth innings, he had the Yankees at his mercy in the early E. Meusel, if. 4 1 1 0 0 0 part of the game. Bancroft's error in the first inning on a wild throw of Dugan's grounder paved the way for the Yankees' first run when he came in on Pipp's single.

Giants—Bancroft was out, Ward to Pipp. Groh singled to center. Frisch singled to left on a pop fly that dropped between Meusel and Scott. Groh stopping at second, E. Meusel put a home run into left field bleachers scoring Groh and Frisch ahead of him. The crowd went wild. It was a hard drive that went up into the middle tier of bleachers. Young tried to hit it was an easy chance. Kelly fouled to Schang. Three runs: three hits; no errors.

Shawkey was wild and was constantly in the hole; being forced to groove a straight ball on every batter. Meusel's homer was a waist-high fast ball through the heart of the plate.

Yankees—Witt apparently beat out a bunt down the third base line, making the bag by a step, but Umpire Hildebrand called it a foul ball and brought him back to bat. Witt was out, Groh to Kelly. Groh slipped to his knees for the ball but got it to first. The out. Dugan was safe on Bancroft's wild throw, going to second when the overthrow rolled to the stands. Ruth grounded to Kelly. Dugan taking third. Dugan scored when Pipp knocked one off Kelly's shoulder into right field. It went for a single. R. Meusel flied to Young. One run; one hit; one error.

Barnes didn't look any too good.

(Continued On Page 2.)

BIG PROPERTY INTERESTS IN CITY MERGE

Signalling what is believed will develop the vicinity of Fourth street and Grand avenue, and Fruit street, as one of the centers of home building activities of the immediate future, D. Jones Jr. today disclosed that he and George Asenyaer have decided to merge their properties fronting on Grand avenue, between Fourth and Fruit streets into one subdivision of twenty-five acres.

The new owners will impose building restrictions that are expected to make the tract particularly attractive to persons who desire to establish for themselves homes of a high type of architectural beauty.

Preliminary to the development of the plan for consolidating the properties, Jones bought from H. A. Hanning his eight-and-a-half-acre walnut grove at the corner of Grand avenue and Fruit street, upon which are located two dwellings. One of them cost \$8,000 and was completed a short time ago.

Cost is \$40,000

The consideration for the tract was \$40,000, according to an announcement made by Jones.

Merging of the property interests of the two men makes the frontage on the west side of Grand avenue from Fourth to Fruit streets, available to the subdivision. In addition, there is considerable frontage on both Fourth and Fruit streets.

Hathaway street will be extended north from Fourth through the tract to Fruit street, and continuation of Sixth street across the Santa Fe tracks and through this and other tracts to Grand avenue is a part of the plan of the subdividers for making the tract accessible.

The tract will be sidewalked and curbed and public utility services will be made available, Jones says.

Active work in plotting the subdivision will start immediately following harvest of walnuts now on the property. It is expected that lots will be offered for sale by the first or middle of November and that prices will range from \$1500 to \$3000 per lot, the higher prices prevailing on Fourth street and Grand avenue frontages.

A retail merchant for many years in Iowa, Jones came here seven years ago and settled on the northwest corner of Grand avenue and Fourth street, and today is one of the strongest of Santa Ana's big family of boosters.

Jones recently sold to the Southern Service company a site of East Fourth street for its laundry.

HARDING IS ROOTING FOR YANK OUTFIT

President Declares Giants Appear to Have "Punch" After Reading First Game.

WASHINGTON, Oct. 5.—President Harding, like other Yankee fans, was hoping for better luck for his favorites in the world series today.

The president received a play by play account of the first game by the United Press yesterday. Even though he went out during the game for a round of golf, he kept in touch with the White House telegraph room by telephone.

Secret service men called up from the golf course a dozen times during the afternoon to get details of the contest.

When Harding returned from his golf game he asked for the "copy" which the White House telegraph operator had transcribed as the detailed story of the game was sent from the Polo grounds. The president read this before his dinner and said the Giants "appeared to have the punch."

BOBBY HARPER WINS

PORTLAND, Ore. Oct. 5.—Bobby Harper of Seattle, beat Barney Adair of New York, in ten rounds of in-fighting at the armory last night. The damage to both was light. Tiny Herman outran Willie Keeler of Denver in a heavyweight six round semi-final and copped the decision.

\$102,500 IN BANKERS AIM DEALS HERE HARD BLOW AT BONUS

New Records Established on Front-Foot Values Down-town Convention Also On Record for Cut In Rail Wages and Rates

(United Press Leased Wire) NEW YORK, Oct. 5.—A demand for a reduction in the wages of railroad employees and a cut in railroad rates was made by the economic committee of the American Bankers' association to the association's convention here today.

The report expresses strong opposition to the soldier bonus. It advocates the repeal of those sections of the shipping laws which "make it impossible for American ship owners to compete on an equal basis with other countries."

Better Times Ahead
"Better times," for American business are just ahead," in the opinion of representative bankers here.

An air of confidence and optimism is apparent among the financial leaders.

The belief is frequently expressed that with the industries of the nation no longer hampered by nationwide strikes and with business conditions continuing their steady progress towards normal, the country is nearing the most prosperous period since the days of war-time inflation.

Bankers from the middle west say that the situation in the great agricultural region which was hit hardest by the post-war deflation is slowly but steadily improving. They declared that the federal government through the agencies of the farm loan board, the war finance corporation and the federal reserve board has enabled the banks to extend loans to farmers, who were caught in financial difficulties because of declining prices.

Many of the midwest bankers, however, believe freight rates on farm products should be reduced further.

Expect Winter Activity
Bankers from manufacturing regions point out that the twin rail and coal strikes tended to halt production and this will result in greater activity during the winter months.

Governor Henry J. Allen touched upon phases of the labor problem. The recent rail strike, he announced, cost the fruit and agricultural industries of the Pacific coast \$70,000,000, according to estimates of commercial organizations and "the paid secretaries of labor" were drawing more than \$60,000,000 in salaries and expenses.

Governor Allen defended the industrial relations court of Kansas and praised the federal reserve system.

MISSING GIRLS ARE SOUGHT BY POLICE

Ladine King, and Ellen Ericson, pretty 15-year-old high school girls, were missing today, while griet stricken parents and authorities throughout California were conducting a search for them.

The girls left home yesterday morning, their parents assert, apparently intending to return that evening. Neither took any extra clothing, it was said. Their failure to return is a mystery.

The King girl lives with her parents, Mr. and Mrs. James W. King, 305 South Broadway. Her chum also lives with her mother and father, Mr. and Mrs. O. E. Ericson, 616 West Second street.

The girls left for school as usual yesterday morning, when they did not appear last evening, word of their disappearance was broadcast throughout the state.

Miss King is about 5 feet 4 inches tall, has bobbed blonde hair, and weighs 115 pounds. When she left home she was wearing a lavender sport suit.

Miss Ericson is one inch taller than her chum, weighs 120 pounds, also has light bobbed hair, and was wearing a pink sweater and a plaid skirt.

Fear that harm might be befallen the girls spurred the officers to added efforts today.

Voters Are Warned to Register Before Late Saturday for Election

Have you registered? All persons who have not registered for participation in the general election November 7 must do so before next Saturday evening.

Remember that registration books close on that day. J. M. Backs, county clerk, points out that persons who have changed their residence since January 1, 1922, and have not transferred their registration, must transfer to their new precincts by Saturday night.

As an accommodation to voters the office of County Clerk Backs will be held open until 10 p. m. Saturday to permit registration.

Backs says that unless an avalanche of registration strikes his office within the next two days several thousand citizens will not be able to vote at the coming election.

FIRE PERILS GREAT ZONE OF ONTARIO

Flames Sweep Over Fifty Mile Front in Canadian Mining Section; Hundreds in Danger

(United Press Leased Wire) TORONTO, Ont., Oct. 5.—Destruction of at least a large portion of the town of Halleybury, five miles northeast of Cobalt, of the Silver mining center known as North Cobalt, and of various other small centers along the Timiskaming and Northern Ontario railway between Cobalt and Cobalt, a stretch of more than fifty miles, has been wrought by what is believed to have been the most disastrous fire northern Ontario has known.

Owing to the almost complete collapse of wire communication between Cobalt and North Bay, it is not possible to gain a clear idea of the extent of the disaster but it is estimated the property loss will run into millions of dollars and latest advices from North Bay early this morning indicated that grave fears were felt for the safety of at least a score of persons in the fire-swept areas. It is stated by one eye witness that he personally saw several persons engulfed in the flames.

TURK ADVANCE NEAR MENACE TO GREEKS

LONDON, Oct. 5.—The British cabinet met at 5 o'clock this afternoon, after an important dispatch from General Harington at Mudania had been received.

Official circles were optimistic, expressing belief that the war clouds on the Near Eastern horizon had definitely been dispelled.

CONSTANTINOPLE, Oct. 5.—Turkish cavalry has entered the city of Kandra, adjacent to the Ismid neutral zone and the move is regarded with alarm here as constituting a menace to Constantinople.

It was considered that Kemal has ordered the move to intimidate the allies.

REPORT PLAGUE AMONG CONSTANTINOPLE REFUGEES

CONSTANTINOPLE, Oct. 5.—Plague has broken out in Constantinople, which is crowded with Christians who have come in from Asia Minor.

Six cases are reported, of which four have proved fatal.

PROVIDES ALLIED CONTROL OVER DISPUTED SOIL

CONSTANTINOPLE, Oct. 5.—The Mudania peace conference apparently achieved remarkable success in solving difficult preliminary problems of the Near East.

Official announcement of the signing of a protocol providing for the return of the Turks to Eastern Thrace coincidentally with their withdrawal from the neutral zones near the Straits was momentarily expected here.

The way has been paved for a final conference at which Mustafa Kemal and allied leaders will agree upon disposition of disputes over Near East territories and the threat of a Holy war removed.

The allies are to remain in control of Thrace, from which the Greeks will be requested to withdraw, until a sound Turkish administration can be set up. It is estimated this will take a month.

M. & M. AT HEAD OF MOVE

Recommends Organizations of City Present Matter to Roads

CIVIC PRIDE CALLS FOR CHANGE, STAND

Present Facilities Are Termed Inadequate and Obsolete

Declaring that the railroad stations here are inadequate and obsolete, the board of directors of the Merchants and Manufacturers' association at a meeting today passed a resolution urging the Chamber of Commerce, the City council, the Santa Ana Realty board, the Rotary, Kiwanis and Lions clubs at once to take up discussions of the situation and make recommendations that the Union Pacific, Southern Pacific, Santa Fe and Pacific Electric railways join in the location of a union station in this city.

P. S. Lucas, secretary of the association, was directed to bring the subject to the attention of each of the organizations.

The movement is based on the coming of the Union Pacific line to Santa Ana, a possibility of the immediate future, it was declared.

The directors took the position that, as the time is approaching when the new line will desire to establish a station, now is the opportune time for starting on agitation for a union station.

Matter of Civic Pride.
It was declared in the motion authorizing the secretary to ask the co-operation of the various organizations "that civic betterment and civic pride dictate action that should result in a union station."

A committee appointed at the previous meeting of the directors to investigate suggested changes in Section 17 of the city license ordinance, recommended that the license fee for auctioneers be increased from \$100 a year to a sum that would prevent fly-by-night auctioneers from coming into the city and disposing of cheap stocks of merchandise.

Drafting of recommendations along this line and their presentation to the city council was delegated to a committee composed of Charles Kendall, E. B. Smith, J. C. Horton, H. J. Lowe and Edwin McFadden.

Urges Stalls Repainted.
The secretary was directed to address a communication to the city council asking that parking stalls in the restricted district be repainted, in order that conditions now existing may be eliminated.

It was pointed out that with the lines obliterated motorists do not park their cars as they should, with the result that parking spaces for many stalls are "killed" by two machines occupying space in which three machines should stand.

WORST IN THE WORLD—ACCORDING TO THE REPORT OF THE CRIMES COMMITTEE OF THE AMERICAN BAR ASSOCIATION, CANADA HAS LESS THAN A QUARTER AS MUCH CRIME, IN PROPORTION TO POPULATION, AS THE UNITED STATES. AND YET CANADIANS, WHEN THEY MOVE TO THIS COUNTRY, FURNISH RATHER MORE THAN THEIR PROPORTIONATE SHARE OF OUR CRIMINALS.

Over half the natives of some European countries, which at home have the smallest criminal records in the world, when settled here become the most lawless of all.

So the good record of Canadians in Canada and of these Europeans in their own country is evidently not due to their inherent virtuousness. When they come here they are no better than we are, and some of them are worse.

The fault, then, is with us. America has the best record in the world in crimes of cheating and dishonesty. But it has very much the worst record of any civilized country in crimes of violence against person and property.

We have more murderers, robbers and burglars, many times over than any other ostensibly civilized country. Our murderers have killed at least 85,000 people in the last ten years—considerably more than the Germans killed of our soldiers in the war. And if more of their share of these crimes are committed by "foreigners" it is by those who would not have committed them if they stayed at home. So the fault is still something located in America.

Even at that, our criminals are less than one-third of one per cent of the population. Even with the worst record in the world, 299 out of every 300 people behave themselves. But the worst record in the world is not good enough to be satisfied with.

If the fault is with us, as these figures mathematically demon-

Be Rid of That Nagging Backache!

Are you dragging around day after day with a dull, never-ceasing backache? Do you suffer headaches, dizzy spells and sharp, stabbing pains; feel tired, irritable—without life or ambition? Likely then your trouble is due to kidney weakness—not hard to correct if treated promptly, but dangerous if neglected. For quick relief use Doan's Kidney Pills. Doan's have helped thousands. They should help you. Ask your neighbor!

A Santa Ana case: R. M. Wallace, 848 Parton St., says: "I had a backache so bad that I had to lay off work for a week at a time. I was lame and stiff mornings and the action of my kidneys was irregular. Doan's Kidney Pills soon rid me of the aches and pains and other signs of kidney complaint and I was again able to do my work." Doan's Kidney Pills. 60c at all Drug Stores. Foster-Milburn Co., Mfg. Chem., Buffalo, N. Y.

Newer Form of Iron Quickly Increases Pep Strength and Energy

"You cannot be well and strong, and full of vigor, force, and power unless your blood is rich in iron," says Dr. James Francis Sullivan, formerly physician Bellevue Hospital (Out-Door Department), New York, and the Westchester County Hospital. "It is your red blood that enables you to resist and overcome disease and that nourishes every organ in your body. Without iron your blood becomes thin, pale, and watery. Poor blood cannot nourish your vital organs and as a result you may have pains in your heart or kidneys, indigestion, headaches, and feel all run-down and tired-out."

When your blood lacks iron do not waste your time taking stimulating medicines or narcotic drugs, but directly enrich your blood with the newer form of iron sold by all druggists under the name of Nuxated Iron which is like the iron in spinach, lentils, and apples and is in a form easily assimilated into your blood.

Get a bottle of Nuxated Iron today. Take it for two weeks and if you have not, like thousands of others, obtained most surprising health, strength and energy, the manufacturers will promptly refund your money. The following local druggists will sell you Nuxated Iron with this "satisfaction or money back" guarantee.

—C. S. Kelley and White Cross Drug.

How I Got Rid of Burning Feet

And Pains from Corns and Bunions Without Soaking, Powders, Plasters, Etc., After Suffering Indescribable Foot Misery for 20 Years.

Prof. F. T. McIntyre, well known world tourist and lecturer, says: "For years I was compelled to wear shoes two sizes too large, to be able to walk with any comfort at all. I tried soaking my feet in medicated baths, powders, plasters and foot-treatments galore, but the burning callouses and soreness refused to go, while the pains from corns and bunions continued to torture both mind and body, which upset my entire nervous system. One day, very fortunately, I met a lady from Egypt who gave me a little box of Gypsy Foot Relief which she said was a secret from the desert. After using it a short time the awful burning stopped, the callouses came off in chunks, leaving the skin of my feet clean and smooth while the pains from corns and bunions seemed to disappear as if by magic. From that time, I said a joyful good-bye to over 20 years of indescribable foot misery. I would not take a hundred thousand dollars to again go through those years of agony. Now I feel like telling every foot sufferer to get a box of the wonderful Gypsy Foot Relief."

Note.—Gypsy Foot Relief, referred to by Mr. McIntyre, may be applied in a minute, without fuss or bother. Sure quick relief comes three minutes later, or the makers give back the small amount you pay. It is sold in this city by

TEAMS TIED IN TENTH FRAME OF STRUGGLE

(Continued From Page 1.)

He was using a fast and a slow curve. Bancroft's error was on an easy chance but he threw too quickly and Kelly barely got his hands on the ball.

Second Inning

Giants—Stengel beat out a hit to Scott. Scott fumbled momentarily but got it over for a close play and it went for a single. Kelly forced Young at second, Shawkey to Ward. Kelly narrowly missed being doubled at first. Cunningham flied to Ruth. Snyder flied to Ruth against the right field wall. No runs; one hit; no errors.

Shawkey became more steady in this inning and had the Giants popping up at his slow curves.

YANKES—Pipp fouled to Snyder, a high one just in front of the press box. Meusel walked. Schang was out. Frisch to Kelly, Meusel going to second. Frisch juggled the ball and lost a chance for a double play, barely getting Schang at first. Ward fanned, the third one being called. No runs; no hits; no errors.

Barnes again became wild and had difficulty in finding the plate for Meusel and Ward. Hildebrand called the third strike on Ward and had all the Yankees cringing around him.

Seventh Inning

Giants—Groh walked, retaining his batting average of one thousand. Frisch flied to Ruth. Groh was held at first. Meusel flied to Ruth on an easy one. Groh held at first. Young walked. Kelly fanned, swinging. No runs; no hits; no errors.

Shawkey was still having trouble. He was wild and got in the hole against nearly every batter. He worked a slow curve to whiff Kelly.

YANKES—Shawkey was out, Groh to Kelly. It was an easy roller. Witt fouled to Groh. Dugan doubled over third base. Ruth walked. The stands boomed. It was not an intentional pass. Pipp was out, Barnes to Kelly on the first ball. No runs; one hit; no errors.

Barnes was going along wobbling and seemed to lose control on Ruth and Dugan. He tried to get the swat king on slow high curves and could not find the plate.

Fourth Inning

Giants—Cunningham fanned, swinging. Snyder fouled to Dugan. Barnes fanned, swinging. No runs; no hits; no errors.

Shawkey was more steady in this inning and got by easily, fanning Cunningham and Barnes on slow curves.

YANKES—Meusel fouled to Snyder down near first base. Schang fanned. He was retired, Snyder to Kelly when Snyder dropped the third strike. Ward hit a home run over the left field fence. It was a tremendous drive that cleared the outfield fence and dropped on the elevated tracks. Scott flied to Frisch who made a sensational running catch in center field. One run; one hit; no errors.

Frisch ran far into the field in front of Meusel and caught the ball over his shoulders. He fell on his head and rolled over but succeeded in holding the ball.

Fifth Inning

Giants—Bancroft lined to Pipp, unassisted. Groh was out, Scott to Pipp on a nice play. Scott made a beautiful pick up. It was the first time Groh had failed to hit or walk in the series. Frisch beat out a bunt on the first ball down the first base line. Shawkey barely got his hands on it and made a bad toss to Pipp after Frisch had the base. Meusel drove a long fly foul into the right field stands. It fell foul by a foot. Frisch stole second on a short

passed ball. It was scored as a stolen base and a wild pitch. Frisch stole third on another wild pitch. Frisch was not credited with a stolen base in the official ruling. Meusel was out, Scott to Pipp. No runs; one hit; no errors.

YANKES—Shawkey flied to Cunningham. Witt was out, Barnes to Kelly. Barnes leaped in the air and pulled down the high bouncer for a nice play. Dugan singled to left; Meusel made a nice play and prevented a double. Ruth was out, Frisch to Kelly. No runs; one hit; no errors.

Barnes was mixing a slow and a fast ball on Ruth. The Babe sent a hot grounder to Frisch who made a fast play for the out. Barnes was still a bit wild.

Sixth Inning

Giants—Young beat out a hit to Scott. Scott fumbled momentarily but got it over for a close play and it went for a single. Kelly forced Young at second, Shawkey to Ward. Kelly narrowly missed being doubled at first. Cunningham flied to Ruth. Snyder flied to Ruth against the right field wall. No runs; one hit; no errors.

Shawkey became more steady in this inning and had the Giants popping up at his slow curves.

YANKES—Pipp fouled to Snyder, a high one just in front of the press box. Meusel walked. Schang was out. Frisch to Kelly, Meusel going to second. Frisch juggled the ball and lost a chance for a double play, barely getting Schang at first. Ward fanned, the third one being called. No runs; no hits; no errors.

Barnes again became wild and had difficulty in finding the plate for Meusel and Ward. Hildebrand called the third strike on Ward and had all the Yankees cringing around him.

Seventh Inning

Giants—Groh walked, retaining his batting average of one thousand. Frisch flied to Ruth. Groh was held at first. Meusel flied to Ruth on an easy one. Groh held at first. Young walked. Kelly fanned, swinging. No runs; no hits; no errors.

Shawkey was still having trouble. He was wild and got in the hole against nearly every batter. He worked a slow curve to whiff Kelly.

YANKES—Shawkey was out, Groh to Kelly. It was an easy roller. Witt fouled to Groh. Dugan doubled over third base. Ruth walked. The stands boomed. It was not an intentional pass. Pipp was out, Barnes to Kelly on the first ball. No runs; one hit; no errors.

Barnes was going along wobbling and seemed to lose control on Ruth and Dugan. He tried to get the swat king on slow high curves and could not find the plate.

Fourth Inning

Giants—Cunningham fanned, swinging. Snyder fouled to Dugan. Barnes fanned, swinging. No runs; no hits; no errors.

Shawkey was more steady in this inning and got by easily, fanning Cunningham and Barnes on slow curves.

YANKES—Meusel fouled to Snyder down near first base. Schang fanned. He was retired, Snyder to Kelly when Snyder dropped the third strike. Ward hit a home run over the left field fence. It was a tremendous drive that cleared the outfield fence and dropped on the elevated tracks. Scott flied to Frisch who made a sensational running catch in center field. One run; one hit; no errors.

Frisch ran far into the field in front of Meusel and caught the ball over his shoulders. He fell on his head and rolled over but succeeded in holding the ball.

Fifth Inning

Giants—Bancroft lined to Pipp, unassisted. Groh was out, Scott to Pipp on a nice play. Scott made a beautiful pick up. It was the first time Groh had failed to hit or walk in the series. Frisch beat out a bunt on the first ball down the first base line. Shawkey barely got his hands on it and made a bad toss to Pipp after Frisch had the base. Meusel drove a long fly foul into the right field stands. It fell foul by a foot. Frisch stole second on a short

passed ball. It was scored as a stolen base and a wild pitch. Frisch stole third on another wild pitch. Frisch was not credited with a stolen base in the official ruling. Meusel was out, Scott to Pipp. No runs; one hit; no errors.

YANKES—Shawkey flied to Cunningham. Witt was out, Barnes to Kelly. Barnes leaped in the air and pulled down the high bouncer for a nice play. Dugan singled to left; Meusel made a nice play and prevented a double. Ruth was out, Frisch to Kelly. No runs; one hit; no errors.

Barnes was mixing a slow and a fast ball on Ruth. The Babe sent a hot grounder to Frisch who made a fast play for the out. Barnes was still a bit wild.

Sixth Inning

Giants—Young beat out a hit to Scott. Scott fumbled momentarily but got it over for a close play and it went for a single. Kelly forced Young at second, Shawkey to Ward. Kelly narrowly missed being doubled at first. Cunningham flied to Ruth. Snyder flied to Ruth against the right field wall. No runs; one hit; no errors.

Shawkey became more steady in this inning and had the Giants popping up at his slow curves.

YANKES—Pipp fouled to Snyder, a high one just in front of the press box. Meusel walked. Schang was out. Frisch to Kelly, Meusel going to second. Frisch juggled the ball and lost a chance for a double play, barely getting Schang at first. Ward fanned, the third one being called. No runs; no hits; no errors.

Barnes again became wild and had difficulty in finding the plate for Meusel and Ward. Hildebrand called the third strike on Ward and had all the Yankees cringing around him.

Seventh Inning

Giants—Groh walked, retaining his batting average of one thousand. Frisch flied to Ruth. Groh was held at first. Meusel flied to Ruth on an easy one. Groh held at first. Young walked. Kelly fanned, swinging. No runs; no hits; no errors.

Shawkey was still having trouble. He was wild and got in the hole against nearly every batter. He worked a slow curve to whiff Kelly.

YANKES—Shawkey was out, Groh to Kelly. It was an easy roller. Witt fouled to Groh. Dugan doubled over third base. Ruth walked. The stands boomed. It was not an intentional pass. Pipp was out, Barnes to Kelly on the first ball. No runs; one hit; no errors.

Barnes was going along wobbling and seemed to lose control on Ruth and Dugan. He tried to get the swat king on slow high curves and could not find the plate.

Fourth Inning

Giants—Cunningham fanned, swinging. Snyder fouled to Dugan. Barnes fanned, swinging. No runs; no hits; no errors.

Shawkey was more steady in this inning and got by easily, fanning Cunningham and Barnes on slow curves.

YANKES—Meusel fouled to Snyder down near first base. Schang fanned. He was retired, Snyder to Kelly when Snyder dropped the third strike. Ward hit a home run over the left field fence. It was a tremendous drive that cleared the outfield fence and dropped on the elevated tracks. Scott flied to Frisch who made a sensational running catch in center field. One run; one hit; no errors.

Frisch ran far into the field in front of Meusel and caught the ball over his shoulders. He fell on his head and rolled over but succeeded in holding the ball.

Fifth Inning

Giants—Bancroft lined to Pipp, unassisted. Groh was out, Scott to Pipp on a nice play. Scott made a beautiful pick up. It was the first time Groh had failed to hit or walk in the series. Frisch beat out a bunt on the first ball down the first base line. Shawkey barely got his hands on it and made a bad toss to Pipp after Frisch had the base. Meusel drove a long fly foul into the right field stands. It fell foul by a foot. Frisch stole second on a short

passed ball. It was scored as a stolen base and a wild pitch. Frisch stole third on another wild pitch. Frisch was not credited with a stolen base in the official ruling. Meusel was out, Scott to Pipp. No runs; one hit; no errors.

YANKES—Shawkey flied to Cunningham. Witt was out, Barnes to Kelly. Barnes leaped in the air and pulled down the high bouncer for a nice play. Dugan singled to left; Meusel made a nice play and prevented a double. Ruth was out, Frisch to Kelly. No runs; one hit; no errors.

Barnes was mixing a slow and a fast ball on Ruth. The Babe sent a hot grounder to Frisch who made a fast play for the out. Barnes was still a bit wild.

Sixth Inning

Giants—Young beat out a hit to Scott. Scott fumbled momentarily but got it over for a close play and it went for a single. Kelly forced Young at second, Shawkey to Ward. Kelly narrowly missed being doubled at first. Cunningham flied to Ruth. Snyder flied to Ruth against the right field wall. No runs; one hit; no errors.

Shawkey became more steady in this inning and had the Giants popping up at his slow curves.

YANKES—Pipp fouled to Snyder, a high one just in front of the press box. Meusel walked. Schang was out. Frisch to Kelly, Meusel going to second. Frisch juggled the ball and lost a chance for a double play, barely getting Schang at first. Ward fanned, the third one being called. No runs; no hits; no errors.

Barnes again became wild and had difficulty in finding the plate for Meusel and Ward. Hildebrand called the third strike on Ward and had all the Yankees cringing around him.

Seventh Inning

Giants—Groh walked, retaining his batting average of one thousand. Frisch flied to Ruth. Groh was held at first. Meusel flied to Ruth on an easy one. Groh held at first. Young walked. Kelly fanned, swinging. No runs; no hits; no errors.

Shawkey was still having trouble. He was wild and got in the hole against nearly every batter. He worked a slow curve to whiff Kelly.

YANKES—Shawkey was out, Groh to Kelly. It was an easy roller. Witt fouled to Groh. Dugan doubled over third base. Ruth walked. The stands boomed. It was not an intentional pass. Pipp was out, Barnes to Kelly on the first ball. No runs; one hit; no errors.

Barnes was going along wobbling and seemed to lose control on Ruth and Dugan. He tried to get the swat king on slow high curves and could not find the plate.

Fourth Inning

Giants—Cunningham fanned, swinging. Snyder fouled to Dugan. Barnes fanned, swinging. No runs; no hits; no errors.

Shawkey was more steady in this inning and got by easily, fanning Cunningham and Barnes on slow curves.

YANKES—Meusel fouled to Snyder down near first base. Schang fanned. He was retired, Snyder to Kelly when Snyder dropped the third strike. Ward hit a home run over the left field fence. It was a tremendous drive that cleared the outfield fence and dropped on the elevated tracks. Scott flied to Frisch who made a sensational running catch in center field. One run; one hit; no errors.

Frisch ran far into the field in front of Meusel and caught the ball over his shoulders. He fell on his head and rolled over but succeeded in holding the ball.

Fifth Inning

Giants—Bancroft lined to Pipp, unassisted. Groh was out, Scott to Pipp on a nice play. Scott made a beautiful pick up. It was the first time Groh had failed to hit or walk in the series. Frisch beat out a bunt on the first ball down the first base line. Shawkey barely got his hands on it and made a bad toss to Pipp after Frisch had the base. Meusel drove a long fly foul into the right field stands. It fell foul by a foot. Frisch stole second on a short

passed ball. It was scored as a stolen base and a wild pitch. Frisch stole third on another wild pitch. Frisch was not credited with a stolen base in the official ruling. Meusel was out, Scott to Pipp. No runs; one hit; no errors.

YANKES—Shawkey flied to Cunningham. Witt was out, Barnes to Kelly. Barnes leaped in the air and pulled down the high bouncer for a nice play. Dugan singled to left; Meusel made a nice play and prevented a double. Ruth was out, Frisch to Kelly. No runs; one hit; no errors.

Barnes was mixing a slow and a fast ball on Ruth. The Babe sent a hot grounder to Frisch who made a fast play for the out. Barnes was still a bit wild.

Sixth Inning

Giants—Young beat out a hit to Scott. Scott fumbled momentarily but got it over for a close play and it went for a single. Kelly forced Young at second, Shawkey to Ward. Kelly narrowly missed being doubled at first. Cunningham flied to Ruth. Snyder flied to Ruth against the right field wall. No runs; one hit; no errors.

Shawkey became more steady in this inning and had the Giants popping up at his slow curves.

YANKES—Pipp fouled to Snyder, a high one just in front of the press box. Meusel walked. Schang was out. Frisch to Kelly, Meusel going to second. Deaths

RASH.—To Mr. and Mrs. C. H. Rash, 1045 West Fifth street, October 4, 1922, a 7½-pound son.

PRAZIER.—Stanford Prazier, 77, October 4, 1922, at his home, 434 South Tustin avenue, Orange.
Funeral services will be held at the Smith and Tuttle chapel, Monday, October 9, at 10 a. m. with the Rev. Mr. Stebbins officiating. Burial to follow in Fairview cemetery.

is survived by his wife, Mrs. Sarah M. Prazier of the home, and grandson, Ora Walker, reared in the home, two daughters, Mrs. S. E. Meadows of Orange, and Mrs. Summers of Irvine and two sons, Oliver E. Prazier of Danville, Ind., and E. O. Prazier of Brown Woods, Mo.

Stated meeting, Santa Ana Lodge No. 241, F. & A. M., Friday, Oct. 6, 7:30 p. m. "Sharp." All Master Masons are cordially invited.
ROY ROEPKE, Master.

PERSONALS

Mrs. Grace Brashear and Miss Mary Lockhart are entertaining their cousins, Mr. and Mrs. Robert M. Howe of Lexington, Mo., who plan to spend the winter in California.

After a pleasant two months spent in Los Angeles and nearby cities, Mrs. M. K. Flint has returned to her home, 1002 North Van Ness street.

Fat That Shows Soon Disappears

Prominent fat that comes and stays where it is not needed is a burden, hindrance to activity, a curb upon pleasure. You can take off the fat where it shows by taking after each meal and at bedtime, one Marmola Tablet. These little tablets are as effective and harmless as the famous prescription from which they take their name. Buy and try a case to-day. All druggists the world over sell them at one dollar for a case or you can order them direct from the Marmola Co., 4612 Woodward ave., Detroit, Mich. You can thus say goodbye to dieting, exercise and fat-adv.

AILING WOMEN OF MIDDLE AGE

Mrs. Linton Tells How Helpful Lydia E. Pinkham's Vegetable Compound is at This Period

Denver, Colorado.—"I have taken Lydia E. Pinkham's Vegetable Compound for seven years and I cannot tell you the good it has done me. It is good for young and old and I always keep a bottle of it in the house, for I am at that time of life when it calls for Lydia E. Pinkham's help. My husband saw your ad. in the papers and said 'You have taken everything you can think of, now I want you to take Lydia E. Pinkham's Vegetable Compound.' So I let him get it, and I soon felt better and he told me 'I want you to take about six bottles.' So I did and I keep house by the day and feel fine now. I tell every one about the Vegetable Compound, for so many of my friends thought I wouldn't get well."—Mrs. R. J. LINTON, 1850 West 38th Avenue, Denver, Colorado.

After reading letters like the above, and we are constantly publishing them, why should any woman hesitate to take Lydia E. Pinkham's Vegetable Compound if she is in need of help? It brings relief where other medicines fail.

Sanborn's Little Plumber

We won't buy anything but the best plumbing fixtures. Consequently we can't sell anything but the best plumbing fixtures. You don't want anything but the highest grade of plumbing done in your home. We're wise plumbers.

TODAY'S WORD

Today's word is—APLOMB. Generally it's pronounced—aplomb, with accent on the second syllable; but strictly speaking, the word being French, the two syllables should be accented equally, and the second one should finish with a sound somewhere between "m," "n" and "ng," a nasal with no exact equivalent in English. Webster gives it as "aplomb," with the first syllable accented but the second more heavily so.

It comes from—French "a," to, and "plomb," lead.

Literally, it means—perpendicularity; but ordinarily has the sense of "assurance of manner, self-possession."

It's used like this—"Kemal Pasha's aplomb in his dealings with the allies doubtless is due, in great measure, to his assurance of French and Italian sympathy with Turkey's claims."

NEWS BRIEFS

Santa Ana printers are invited to attend the next meeting of the Orange Belt Employing Printers at Colton, October 10, according to an invitation received here today.

The session is to begin with a banquet at 6:30 p. m. and is to be held in the Hotel Anderson at that city.

The Feast of Tabernacles, Hebrew holiday, held October 6, 7 and 17, will not be generally observed by Jews in Santa Ana according to the belief of several prominent members of the faith today. Individual observance may be made, however, it was pointed out.

Lester Carden, of Hill and Carden, who recently sold his home at 1522 North Broadway to W. V. Whitson, of the E. K. Wood Lumber company, has purchased the residence of R. P. Preston at 721 South Rose street, the realty firm of Carden, Leibig and Seaman announced today.

It was expected here today that fully 200 visiting delegates would be in attendance when the convention of the Ben Franklin club of Southern California meets here October 31. The hosts for the occasion will be members of the Ben Franklin club of Santa Ana. The club is the social and business organization of the employing printers of Southern California.

F. P. Shepherd, manager of the Los Angeles branch of the Federal Reserve bank, was the principal speaker at the meeting of the Orange County Bankers' association, held at Garden Grove. William E. Otis, president of the Orange County Trust and Savings bank, president of the meeting, presided. Others present included C. M. Rowland, Harry Hansen, Fred M. Robinson, Eugene A. Robinson, Jack Bascom, Claude Sleeper and Denn Campbell, First National bank; E. B. Sprague and W. E. Otis, Orange County Trust and Savings bank, and E. H. Richards of the American National bank.

Many former Pennsylvanians now residing in Santa Ana and Orange county are expected to be among those present when the Keystone state picnic is held at Bixby Park, Long Beach, Saturday, October 14. There will be a brief program, but the main purpose will be to have a good time and meet old friends. Basket lunches will be in order. Coffee will be served free.

Three Orange county students registered at the University of Redlands, at Redlands, this semester as members of the freshman class. They are Miss Emma Dannemann, Orange; George Kyle, Tustin; and Miss Ethel Dunham, Fullerton.

CROSS NOT BELIEVED BY WORLD TODAY, IS EVANGELIST'S CLAIM

Cheered by the ever-increasing numbers who gather to hear his able speaking, Charles Forbes Taylor, the boy evangelist, made great strides in his saving of souls at the First Baptist church last night. All this week the young preacher is conducting evangelistic sessions each evening at that church.

Declaring that "the world does not believe in the cross today," young Taylor awoke a new interest among his listeners last night. They say that the redemption of the cross is out of date," concluded his talk. "If that is so, I am proud to be behind the times."

This evening's meeting will be gain at 7:30 o'clock.

RADIO PROGRAM FOR TONIGHT EXCELLENT

Arrangements were completed today for another excellent program to be broadcasted by the Register station tonight. The broadcasting hours will be from 8 to 9 p. m.

Among those who will contribute to the success of the concert will be Mrs. H. M. Sammis, Miss Ruth Armstrong, Leon Eckles, Edward Burns and others.

Mrs. Sammis, well known in Santa Ana and Orange county, will sing two special numbers. These are "All For You," and "Love Is the Wind." She will be accompanied by Miss Ruth Armstrong.

Leon Eckles, finished baritone, will present a group of popular selections.

Edward Burns, violin-cellist, will delight the radio fans with some of his favorite numbers.

In addition, the latest phonograph records furnished by Carl G. Strock will be featured.

BEACH WELL IS SETTING PAGE FOR FLOW

BY ELLWOOD J. MUNGER

At Huntington Beach the Amalgamated Oil company's Fowler No. 4 is standing in the limelight. This well was brought in a month ago and is making the most wonderful showing of any well in Huntington Beach. Drilled to 4408, Fowler No. 4 came in at 609 barrels. The production started increasing and mounted to 1770 barrels in a week's time. The increase in production is the most phenomenal of any well ever brought in the southern field.

Miley-Keck No. 22 is another Amalgamated wonder that is attracting its share of attention. Completed at 4213, this well is producing 1800 barrels.

The Holly Oil company's No. 3 is bringing a lot of pleasure and satisfaction to its owners. This well, at 4217, started out at 1000 barrels and has increased its production to 1250 barrels. No. 3 is the first real success for the Holly Oil company at Huntington Beach.

Surprise will no doubt be expressed at the news of the resumption of drilling on the Motor Oil and Refining company's well located on the south side of the field. This well was started during the boom days, but was suspended when the General Petroleum company No. 1 quit drilling dry hole at 4300 feet. Success of the Standard's Surf 2, a 450-barrel well, at 4430 seems to be the cause of the revival of activity.

The work of the Potter Oil company drilling a wild cat well at Athens on the Hill is being watched closely. Oil experts have "doped" this district for the next field and consequently the progress of the well is of great interest. Drilling has passed the 3400 foot mark and there have been no showings that would either encourage or condemn.

At Buena Park the Standard Oil company is close to 4700 feet and has found little indications of oil. It is now conceded that Buena Park will not get on the oil map of Southern California.

With the drilling out of the cement in the Seal Beach oil company's No. 1, renewed interest is promised in the field. Seal Beach Oil company No. 1 has been standing cemented for a month at 3200 feet. Showings prior to cementing warrant the prediction of a run for the investment.

The bringing in of a 1050-barrel well on the Shell's Bixby lease puts a new complexion on the east side of Signal Hill and brought a lot of property into favor that heretofore has been looked upon with some dry suspicions. Shell-Bixby No. 1 was put on a water production test at 4263. The well acted so nicely and made so much more production than was expected on the test that it is being allowed to continue flowing.

The success of the Shell company means that the Union's Hart property is good, as is also the Cooper Petroleum company's well and other adjoining properties.

Santa Fe Springs operators are gratified with the wonderful showing the wonder well of the field, Butterworth No. 3 is making. This well was put on production three weeks ago at 4696, a 2650-barrel, 34.4 gravity well. The production has declined only 100 barrels and the high standard of the gravity has been maintained. At Butterworth No. 2 the Amalgamated had the misfortune to lose 4160 feet of hole and is moving the rig. Dal-luge No. 2 in the oil sand at 3945 has all the earmarks of a big well.

The Federal Drilling company presented the Machris brothers with a nice well on the Off property. Off No. 1 was completed at 3904, started off at 390 barrels and increased its output to 1000 barrels.

CHEMISTRY CLASS HAS SIXTEEN PUPILS

TUSTIN, Oct. 5.—Tables for the laboratory work were in readiness for the first work to be done by the chemistry classes of Tustin Union high school under the instruction of G. J. Kyle, Tuesday morning.

"We have sixteen students, seven of whom are girls, in the chemistry class and this requires that we use two extra tables," said Kyle. "I am delighted with the lecture room and the table for demonstration problems as well as with the fine equipment with which the laboratory has been supplied."

VETERANS OF PAST WARS TO FROLIC IN ROUSING MEET SOON

Following a rousing meeting of Calumit Camp No. 26, Department of California, United Spanish War Veterans, plans today were being completed for the next meeting of the camp, October 31, at G. A. R. hall, here, when an attractive entertainment program will be presented.

At the same time it was announced that Sedgwick Relief Corps No. 17, will hold a patriotic rally at G. A. R. hall October 13, at 2:30 p. m., when Spanish war veterans and their ladies will be the guests of the women of the G. A. R. relief corps.

Thirty commanders were in attendance at the meeting of the camp and nine applicants for membership were accepted. They were:

R. H. Lee, Brig; Walter C. Burris, Newport Beach; William Ellison, Costa Mesa; Oscar Kurtz, San Jacinto; and Frank E. Blencoe, Homer E. Cole, Earl G. Glenn, F. S. McClain, and Byron E. Johnson, of Santa Ana.

At the auxiliary meeting two new members were accepted. They were Mrs. Carr, wife of Captain Carr of Calumit Camp, and Mrs. Henry Miller.

PROBATION AIM OF ADMITTED EMBEZZLER

Hearing on the petition for probation, filed today by Ray Edwards, who today pleaded guilty to charges of embezzling \$400 from Arnold Peek, market proprietor, was set for October 13 at 9:30 a. m., by Judge J. B. West, before whom Edwards came for trial.

Edwards, who had previously entered a not guilty plea, through his attorney, John B. Nichols, today retracted the plea and appealed for probation.

The defendant was arrested in Dallas, Tex., after he had fled from Santa Ana, and was brought back to face trial today.

An additional charge, sworn to by William Williamson, alleging that Edwards passed a bad check for \$400, drawn on the American National bank, will probably be dismissed. Deputy District Attorney C. N. Moxley stated today, in view of the fact that the man had admitted his guilt.

KIWANIS TO PLANT TREES AT SCHOOL

George W. Wells and J. P. Baumgartner yesterday were elected by the board of directors for the Santa Ana Kiwanis club as delegates to the California district convention to be held in San Francisco November 3 and 4. L. R. Crawford and Fred C. Blauer were elected alternates.

The delegates were selected following the regular meeting of the club at St. Ann's Inn at 12:15 p. m. A. N. Zerman, reporting today on the outing given Southern California Kiwanians at San Diego Saturday night by the club of that city, declared that every member of the local club who was not present should be fined. He gave a brief outline of the entertainment provided and asserted that the program was one of the best ever provided by any of the Southern California clubs in entertainment of club guests.

Declaring that in a general way residents of Santa Ana feel that the city limits extend to Newport Beach, the Rev. John Oliver, pastor of the First Methodist church, suggested that the club authorize the secretary to write to the trustees of the Paulino school, on the Newport Boulevard, and ask them to provide shade trees for the school yard.

"The district has built a magnificent new school house and shade trees should be planted in the yard for the convenience and comfort of the children," said the Rev. Mr. Oliver. "We might suggest that if the trustees have a money with which to buy trees that the club will provide the funds."

The pastor's suggestion later was incorporated in a motion that was passed unanimously.

"The Trial of Fire," as presented by Spurgeon school pupils at the Rotary club meeting yesterday, was repeated at the Kiwanis meeting. The clever manner in which the little ones put over the playlet and the clear tones and emphatic expressions of the boys and girls cause fire risks resulted in the presentation being well received by the Kiwanians. The children have been rehearsing their lines only a week. It was announced. It was produced under the direction of Miss Margaret Eckle.

FOR WOMEN AND GIRLS

No more loneliness, poverty, sickness, old age for you when you get into the right vibration. I will show you how through a personal analysis. I have the key which will give you the best.

If you are overweight or under weight, Mrs. Dreher especially invites you to this lecture. Mrs. Dreher will see both men and women at her suite at the Rossmore Hotel, free consultation.

LOLA MANN DREHER
Niece of Horace Mann, Personal Analyst and Vocational Adviser.

ADMISSION 75c

FINAL DETAILS OF C. E. MEET ARRANGED

With committees completing details last night, final arrangements today were going forward for entertaining the thirty-third annual convention of the Orange County Christian Endeavor union opening at the First Presbyterian church here, tomorrow evening. The convention will continue through Sunday.

A "radio" dinner, the opening feature, will be held in the basement of the church. This will be a jolly fellowship affair, in which delegates from each society are planning to bring their own home cooked delicacies. It is reported that "live wires" will "tune in" when the time for toasts arrives.

While the juniors, intermediates and seniors are enjoying themselves in the main dining room, the Endeavorers who were formerly connected actively with the organization, and many of them still are, will gather in a smaller dining room for a toothsome chicken dinner prepared by the women of the First Presbyterian church under the direction of Mrs. J. C. Winans.

These ex-Endeavorers now form a reorganized department of Christian Endeavor, termed the "Alumni Fellowship." It is reported, and in many churches "Alumni Councils" are being formed for the purpose of giving encouragement and support to Christian Endeavor societies in their own churches. A program has been arranged for this banquet also.

Reservations will be held in the church auditorium for those attending these dinners, and at 7:30 p. m. adjournment will be taken to the main auditorium for the opening of the convention.

REDONDO MEN BUY IMPLEMENT HOUSE

E. E. Teagle and son, H. C. Teagle, of Redondo Beach, today were in possession of the implement business on West Fourth street, formerly operated under the name of McDermott, Mount and company, having purchased it from Dr. M. M. Putnam, of Anaheim, through the local agency of Harris Brothers. They will conduct the enterprise under the name of the Teagle Implement company.

Teagle sr. has a number of friends here and declared today that he had come here on the statement of his friends that "Santa Ana is the best home and business city in Southern California."

Among the large number of residents here whom Teagle has known in other locations are John Rutan, Roy Hall, Judge Ellis and C. G. Hingworth.

Dr. Putnam, it was recalled, was the man who returned to his ranch home between Anaheim and Garden Grove Christmas eve, 1920, and found his wife and son dead. Death was due to ptomaine poisoning, the result of eating canned salmon.

TEACHER INJURED BY VICIOUS DOG

Police today were investigating a report, filed by H. G. Nelson, principal of the Junior high school, that a vicious Airedale dog belonging to a resident in the 1100 block on North Bush street, had attacked Miss Hazel Thrasher, 127 West Ninth street, while she was campaigning in the interest of the registration of minors.

Miss Thrasher, a teacher, was wholly unprepared for the attack. Nelson said, the dog lunging at her without warning. The dog, according to Nelson, seized Miss Thrasher by the wrist, inflicting painful bruises. Although she was badly frightened Miss Thrasher succeeded in beating the dog off and escaped serious injury.

Nelson, in reporting the matter to the police department, said he feared the dog might attack school children, or smaller children at play in the street.

The complaint was referred to F. W. Pawest, city poundkeeper, who was instructed to make an immediate investigation in an effort to locate the owner of the dog.

AGREEMENT TO BUY PROPERTY DENIED

Denying an agreement with E. B. Clay, Cecil K. Sherman today filed a demurrer in the civil suit which Clay brought against Sherman and Preston Schwarz.

The suit alleged that the two defendants signed to purchase property in Newport from the plaintiff, agreeing to make periodic payments. The plaintiff alleges that the payments were not made, but that the defendants refused to move from the property.

CHORAL UNION OFFERS ASSOCIATE MEMBERS TICKETS TO PUBLIC

Associate membership certificates for the Orange County Choral Union were available today, according to an announcement made by Bert H. Taylor, president of the union. The form of the certificate was approved at a rehearsal meeting of the organization last night at junior high school. The membership fee is \$10 and entitles the member to four tickets to one production of each of the operas during the winter.

Sixty-five or seventy members were present last night for rehearsal of the choruses in the "Bohemian Girl," which is to be the first production. It is expected that the cast will be announced at the rehearsal to be held one week from last night.

DELEGATES TO LABOR MEET FOR BARBECUE

One thousand or more delegates to the convention of the California State Federation of Labor at Long Beach today were discussing the beauties of Orange county park and the big barbecue they enjoyed at the place yesterday afternoon.

Following adjournment of the forenoon session yesterday the delegates boarded buses and were driven to Orange county park, where they were served with what many of them declared was the best "barbecue feed" ever.

According to Dr. Slabaugh, purchasing agent for Orange county, the delegates had the time of their lives. Slabaugh visited the park while the throng was there.

The barbecue was provided by Long Beach, and chefs of that city prepared the meat and accessories.

FILE CERTIFICATE

Certificates of incorporation were filed today by the Workers' Petroleum corporation.

THEY FLY TO THE POLLS
LOOMIS, Placer County, Oct. 5.—Dr. O. L. Barton and his son-in-law, Frank Tufts, made a flying trip to Loomis yesterday so as to be able to cast their votes for the new Loomis school bonds. They are returning tonight to Pacific Grove, where they are spending a few weeks of rest.

James noonday lunches.

THE NEW HALL OF FAME OF CONCERT AND OPERATIC STARS

Theo. Karle

UNIVERSAL has been the approbation of Theo. Karle's exceptional voice—it is characterized by such rare power and delicacy of tone that he has been termed by noted critics one of the greatest American tenors of the day. In common with the present tendency among artists, he records exclusively for Brunswick.

Karle records:
13006—Macbeth.....MacMurrugh
13007—Marie.....Harold Craton
13031—The Forest of the Sun.....Burns-Ball
13032—The World is Waiting for the Sunrise.....Lockhart-Sells
13033—Little Town in the Old County Down.....Pascoe-Carlo-Sanders
Lassie O' Mine.....Bowles-Walt

POISON OAK FAILS TO DELAY WEDDING

(United Press Leased Wire)
SAN FRANCISCO, Oct. 5.—It took more than poison oak to keep Miss Elfreda Niewarth and H. W. Martin from being married.

Sunday they, and members of Miss Niewarth's family, went out to gather greens to decorate the Niewarth home for the wedding.

By Tuesday all members of the family, and the bride and groom, were sufferers from poison oak. Wednesday came and the groom's eyes were swollen shut while the bride's peachy complexion was marred by blotches of red.

"She's all right—I can remember if I can't see," said the groom. "On with the wedding."

"Maybe it's better right now, he can't see," commented the bride. "I'm game."

So the Niewarth house was decorated in poison oak and while the guests and principals alike wriggled nervously under the urge of their affliction, the ceremony was performed.

Each guest received a bottle of lotion as a favor at the wedding feast.

3 BOYS SOUGHT FOR STEALING BICYCLE

City and county officials were today searching for three Santa Ana boys who are charged in a complaint issued through the district attorney's office, with the larceny of a bicycle, valued at \$25 from J. E. Blakeney.

The boys had been taken into custody by the police several days ago, but the bicycle being recovered, they had been allowed to go, after receiving a stern reprimand.

Later, however, after Blakeney had sworn to a complaint and a warrant had been issued, it was found that the lads had left their homes.

Search today by county officials had proved unsuccessful.

NEALLEY TO ADDRESS SOCIAL BIBLE CLASS

The Social Bible class of the First Congregational church next Sunday morning will take up the study of Ellwood's "Reconstruction of Religion," under the leadership of E. M. Nealley, professor of sociology and psychology at junior college here, it was announced today.

Beginning at 10 o'clock, Professor Nealley will give a preliminary talk before formally taking up the book and by way of preparation for the series of readings and discussions.

ANAHEIM GROWERS TO GET MANY WALNUTS

(Special to The Register)
ANAHEIM, Oct. 5.—Fully 700 tons of walnuts will be handled by the Anaheim Walnut Growers' association this year, according to George M. Ross, secretary-manager, here today. The big packing house will begin operations with a full crew tomorrow.

Last year's crop was 650 tons. This year's walnuts, which are better than those of last year, will be cleaned up in one pool, if possible, Ross said.

RAILROAD PLEADS FOR RELIEF FROM HOBOES

Santa Fe officials today appealed to the police for protection against the influx of hobo.

According to the railroad officials, the number of knights of the road is constantly increasing, until the empty side-door Pullmans have become hotels for scores of the 'boes.

Police recently arrested three men who were sentenced to thirty days each on vagrancy charges.

BOY WANDERER BEING SOUGHT BY OFFICERS

Otho Ledbetter, 16, felt the lure of wandering.

Today the police were searching for him, at the request of his father, Guy Ledbetter, to return him to his home at 65 Santa Fe Lease, Olinda.

The boy was described as weighing 130 pounds, standing 5 feet 4 inches, having blue eyes, light hair, and being attired in a brown cap, plaid shirt and corduroy trousers.

"He had no money," was the terse postscript.

James noonday lunches.

AUTHORITIES PROBE 'WIERD INFLUENCE'

Under penalty of being imprisoned for obtaining money under false pretenses, or being deported, if her alleged bunking of the Mexican populace in the Delhi section does not stop, Maria Castro, an Indian girl, is under strict surveillance there by county authorities, it became known here today.

According to reports received in Santa Ana, the Castro woman claims to be a "spiritualist," but in fact is believed to possess hypnotic ability. Complaints against her aver that she led women to believe they were confronted by certain peril, then for a fee relieved them of their fear by "holy words." Terror is said to reign among the Mexican women at Delhi because of the influence of the Indian.

GAS BLAST CAUSES LOSS OF \$500,000

(United Press Leased Wire)
BAKERSFIELD, Oct. 5.—Damage estimated at nearly half a million dollars was done to the plant and equipment of the Midway Gas company by explosion of a main yesterday, according to word received here. Two engineers were injured, but will recover.

The report and shock of the explosion was heard for miles. All equipment of the Midway Gas company housed in the building was reduced to a twisted mass of steel and iron.

No vestige of the frame building which housed the plant remained after the explosion.

But two engineers, Kenneth Norris and Richard Hubbard were on duty at the time of the explosion. They were badly burned. They were given first aid and rushed to the Jefferson hospital at Taft, where an examination revealed no injuries of a fatal nature.

RIVALS JUSTICE COX AS SPEEDER NEMESIS

Drawing a parallel between Justice J. B. Cox, nemesis of Orange county speeders, the fair Bebe Daniels, motion picture star, and Justice Brown and Miss Beatrice Leiva, member of a well-to-do Los Angeles family, a Los Angeles morning paper today calls attention to the fact that the well-known Orange county justice has a rival who does not discriminate when it comes to a question of sending women to jail.

Miss Leiva, charged with a fondness for pressing down too heavily with the "gasoline toe," met with scant sympathy when she faced the Los Angeles justice. Justice Brown thought fifty-one miles an hour was a bit too speedy. As a result Miss Leiva drew a sentence of five days in jail. Her tears failed to move the justice, who recalled that it was her second offense.

INTEREST CENTERS IN COMING IMPERSONATOR

Church-folk here today were looking forward with keen anticipation to the entertainment to be given at the First Methodist church tomorrow at 7:30 p. m. when Prof. Eugene Knox of the Whittier School of Expression, will be featured in a number of clever impersonations.

Prof. Knox, who has just completed his chautauqua engagements, is well and favorably known throughout Southern California. The impersonations will be preceded by a number of selections by the Lions-Glee club. The entertainment will be open to the public.

THIEF TAKES STILL FROM LOCKED VAULT

LOUISVILLE, Ky., Oct. 5.—How a thief entered the basement of the Jefferson county courthouse and stole a huge copper still without detection by the nightwatchman, is causing much worry of county officials.

The still was one of two captured by county patrolmen in the vicinity of St. Matthews a few weeks ago, and was being held as evidence in event the owners are captured.

The stills were intact when the steel doors of the building were closed, but when the courthouse was opened for business the bigger and better of the two was missing.

WHY TAKE A CHANCE?

Accident Insurance costs little. Vacation claims paid last year by the largest Casualty Company were:

AMOUNTS PAID FOR VACATION CLAIMS IN 1921			
	Death	Disbursement	Total
Sports and Recreation	\$434,170.85	\$636,625.80	\$1,070,796.65
Drowning	88,400.00		88,400.00
(not traveling)	149,050.00	106,508.50	255,558.50
Travel			
	\$671,620.85	\$743,129.30	\$1,414,750.15

FORMER SANTA ANAN CALLED BY DEATH

John D. Beach, 81, who 15 years ago was engaged in the shoe business in Santa Ana, died yesterday at his home in Los Angeles, according to word received here by his sister, Mrs. C. F. Bennett, Tuscan avenue. Death resulted from natural causes.

The funeral, which is expected to be attended by scores of older Santa Ana residents who knew Beach, will be held tomorrow at 2 p. m. from the Lawson F. Utter funeral chapel, 4244 Moneta avenue, Los Angeles.

During his residence in this city, Mr. Beach was associated with W. E. Winslow in the shoe business. Mr. Beach was a veteran of the Civil War, and fought at the side of Mrs. Bennett's husband during that conflict, Mrs. Bennett said today.

WOMAN WHO TRIED TO KILL SELF TREATED

Mrs. A. Martell, Smeltzer woman, who was held following an attempt to end her life by drowning off the Huntington Beach pier, was today receiving treatment in the psychopathic ward of the Orange county hospital.

An affidavit of insanity was sworn to by physicians following a period of observation subsequent to her arrest, and yesterday the commission ordered her to be retained for treatment in the county institution.

Mrs. Martell was saved from death by Officer "Tex" Choate of the Huntington Beach police department after she had attempted to hurl herself into the ocean.

RELEASE AMERICANS SEIZED AT JUAREZ

(United Press Leased Wire)
EL PASO, Texas, Oct. 5.—Three Americans, held at Juarez, following an attempt to smuggle a California criminal across the international boundary, were free today and had returned here.

Captain Claude Smith of the El Paso detective force; Sam Dreben, "soldier of fortune" and C. C. Harvey, chauffeur, who were arrested at Juarez when with other officers they attempted to kidnap "Arizona Phil" Alquin, wanted at Los Angeles for the murder of Detective Sergeant John Fitzgerald, returned here after making bond of 5,000 pesos.

Release of the Americans on bond followed receipt at Juarez by the American consul of a message from Secretary of State Hughes in which the latter urged that every possible effort be made to protect the three men while they were on Mexican soil.

TWO AUTO SMASHES TOLD TO OFFICERS

G. P. Campbell, 838 South Parton street, was today repairing damage to his automobile, sustained in a collision with a car registered by R. C. Headley, San Gabriel, at Fourth and Sycamore street yesterday afternoon.

In a report to the police, Campbell claimed that the driver of the San Gabriel car was not watching the road in front of him. Slight damage was done to both machines.

John E. Eastman, 808 South Van Ness avenue, reported that while he was driving on the Newport boulevard, near Costa Mesa, his car collided with a horse and wagon driven by a man named Branch. No one was injured, the report declared.

OPP BROTHERS BRING BACK MUCH VENISON

One of the largest bucks of the season's hunting fell prey to F. W. Opp, 1739 Valencia street, who, with his brother, H. A. Opp, has just returned to this city from a three-weeks' hunting trip in Trinity and Humboldt counties. While the first brother bagged the largest deer, H. A. Opp brought down two 2-point bucks. Angling, especially with the equipment they obtained from the Hawley Sports goods store here, proved very favorable on their trip, the brothers said today.

Can you munch a sour lemon?

Note how the mere thought of it makes your mouth water, provoking a free flow of Nature's greatest mouth disinfectant—the saliva.

Without being sour, but only agreeably bitter-sweet, DENTOMEL, the Dentifrice, retains enough lemon juice to not only induce instant and liberal excretions from the salivary glands but to increase their alkalinity. The combination of highly alkaline saliva with the lemon of DENTOMEL makes possible a new and higher standard of dental hygiene.

DENTOMEL for Pyorrhea

prevents the formation of Tartar, the cause of gum recession and Pyorrhea. It contains no soap or harmful abrasives and is absolutely non-poisonous. Remember, the 4-ounce bottle lasts as long as four tubes of any tooth paste—so your dollar buys just as much SERVICE and far greater efficiency.

If not the best dentifrice you ever used, return DENTOMEL to the druggist and get your money back.

DENTOMEL, Inc., POMONA, CALIF.

MOTHER SILENT ON KIDNAPING OF CHILD

Although she charges, in a complaint on file in the district attorney's office here, that her former husband, David Dean, kidnapped her four-year-old daughter, Dorris, Mrs. Rebecca Dean, 38, Huntington Beach, today declined to discuss the continued absence of Dean and her child.

Mrs. Dean, according to authorities, was divorced from Dean while they were living in Missouri several years ago. At that time, it is said, he caused trouble for his wife, so that she came to California to escape him.

About five months ago, officers assert, Dean came to Southern California from Missouri. Since that time he had made several attempts to kidnap the child, it is claimed.

In the meantime, search was being continued for Dean and the little girl he is alleged to have kidnapped. Another daughter, 12 years old, resides with her mother at Huntington Beach.

News Notes of
Interest To
ClubwomenSmart Bridge Tea
At Hospitable Home
Interests Guest Group

A wealth of pom-pom dahites and
golden chrysanthemums yesterday
made the home of Mrs. James E.
Liebig, 820 Spurgeon street, a de-
lightful rendezvous for a group of
bridge players who responded to
Mrs. Liebig's invitation to a bridge
tea.

Assisted by a bevy of youthful
matrons, Mrs. Don L. Andrews,
Mrs. Thomas Willis and Mrs. James
Livesey Jr., Mrs. Liebig
greeted her guests who gathered
at twelve card tables for an inter-
esting afternoon.

At the close of the games Mrs.
William E. Otis, holding high score
and Mrs. R. G. Tutthill with second
high score, each received a pre-
sents after which a delightful tea
menu was served while the guests
remained seated at the small
tables.

P.T. A.

With Mrs. J. U. Vian elected as
president of the Roosevelt P.T. A.
to fill the place of Mrs. Fred
Parsons since the latter's removal
to another district, the new year
of the association opened Tuesday
with a most interesting session
held at the Roosevelt school.

J. A. Cranston, city superin-
tendent, held the interested atten-
tion of those present with a talk
on the need of understanding and
co-operation of parents and teach-
ers. Following that came the in-
troduction of the new principal,
Miss Verna Wells who gave a
vivid little talk.

At the business session, it was
decided to hold the P.T. A. meet-
ings on the first Tuesday after-
noon of each month rather than
every other month as was the
case last year. Delegates to the
district convention to be held at
Brea Saturday, October 14, were
named, the choice falling upon
Mrs. Roy Horton and Mrs. Lee
Buck.

An interesting movement intro-
duced by the organization, was to
present a bird with a pretty cage
to the room which each month
has the largest representation of
mothers present at the meeting.
The first grade was the fortunate
one at the Tuesday meeting and
the children will be the envy of
all other grades when they receive
their bird.

During the social hour with
which the afternoon closed, a pi-
ano solo by Miss Corinne Black-

Charmingly Appointed
Was Home Wedding
In Greenville

Monday afternoon, October 2, at
3:30 the G. W. Stinchfield home at
Greenville was the scene of one of
the prettiest home weddings of the
season when Miss Hazel Stinch-
field, daughter of the home, be-
came the bride of Roy E. Davis of
Hynes.

Under the clever planning of
Mrs. Ora Walker, the living and
dining-rooms had been transformed
into floral bowers and a canopy of
green ferns and white chrysanthem-
ums was formed in the archedway
separating the two rooms. There
the young people stood to take
their wedding vows before the Rev.
Harry J. Hill, pastor of the Or-
ange Christian church.

The bride was beautifully gowned
in a delicate blue beaded geor-
gette over blue pebulettes. The
pastel effect was further empha-
sized by her arm cluster of shell-
pink carnations with feathery as-
paragus fern. Her ornaments were
a string of pearls sent from the
orient and a quantity beautiful
brooch which had adorned her
mother on her wedding day, twenty-
six years ago.

As ring bearer, sweet little
Louise Hill was a picture in her
white frock, and carried the golden
circuit deep in the heart of a pink
rose. Miss Velda May Stinchfield,
sister of the bride, wore a dainty
bridesmaid's frock of crisp white
organdy and entered with her
arms filled with pink cosmos and
asparagus fern.

Mr. Shields Latashaw, brother-in-
law of the bride, served Mr. Davis
as best man. The Rev. Hill, in
movement and was recently pro-
moted to the position of scout ex-
ecutive of San Joaquin county.

The little son whose weight was
9 1/4 pounds, has named Owen D.
Sharp Jr.

Hear the good entertainment at
the First Methodist church. Eu-
gene Knox, impersonator, from the
Chautauqua platform, at 7:30 to-
morrow night.

Friday and Saturday.

James noonday lunches.

You will have a good laugh if
you hear Eugene Knox at the First
Methodist church, Friday night at
7:30.

They have postponed their hon-
ey-moon trip until Mr. Davis' va-
cation at which time they plan to
visit many of California's beauty
spots. In the meantime they will
be at home to their many friends
in a pretty home at Hynes where
Mr. Davis is employed with the
Standard Oil company.

The bride, as Miss Hazel Stinch-
field, was a student at Orange
Union High school until acute eye
strain forced her to give up her
studies. She is a native Califor-
nian who has lived the greater
part of her life in Orange county.
Mr. Davis is the son of Mr. and
Mrs. Henry Davis of Bolsa and is
also well known in the county.

Enters Training School

Among Santa Ana High school
graduates who have left recently
for studies elsewhere, is Miss
Madeline Keech, daughter of Mrs.
E. E. Keech, 319 South Main
street, who has entered the Good
Samaritan hospital in Los Angeles
for a nurse's training course pre-
liminary to a course in dietetics
in an eastern college.

Following her graduation from
high school Miss Keech studied at
Santa Ana Junior College and
last year was enrolled at Pomona
College at Claremont. Choosing
dietetics as her profession, she
preferred to have her foundation
knowledge of nursing based on
actual rather than theoretical
knowledge, hence the preliminary
training course.

Post-Nuptial Dinner
Greeted Return of
Newly-weds

Dainty bridal appointments
marked the smart little dinner with
which Mr. and Mrs. Oscar Carlson,
of Placentia recently honored Mr.
and Mrs. Richard Metz of North
French street, Santa Ana.

The dinner was a post-nuptial
compliment to the honored guests
who returned a very few days ago
from following the honeymoon trail
leading to the northern part of the
state. While gone they visited
many cities and other points of
interest in the north and were also
guests for a brief period of rela-
tives of Mr. Metz.

At the dinner which greeted their
return, Mrs. Carlson, who is a sis-
ter of Mrs. Metz, used charming
little brides for place cards, and it
was a happy party of close friends
and relatives who gathered around
the board.

The marriage of Miss Stella
Mansur and Mr. Metz was a pret-
tily arranged home affair of Sep-
tember 14.

Little Son Arrives

Hosts of friends in this city
were interested in the announce-
ment of the birth on September
21, 1922, of a little son to Mr. and
Mrs. Owen D. Sharp of Stockton.

Mrs. Sharp was formerly Miss
Jean Crawford, daughter of Mr.
and Mrs. William Bronner, of 511
West First street. Mr. Sharp is
connected with the Boy Scout
movement and was recently pro-
moted to the position of scout ex-
ecutive of San Joaquin county.

The little son whose weight was
9 1/4 pounds, has named Owen D.
Sharp Jr.

Hear the good entertainment at
the First Methodist church. Eu-
gene Knox, impersonator, from the
Chautauqua platform, at 7:30 to-
morrow night.

You will have a good laugh if
you hear Eugene Knox at the First
Methodist church, Friday night at
7:30.

Bridge Luncheon
Enjoyed by Group at
Virginia Country Club

A smart little bridge luncheon at
the Virginia country club at Long
Beach, was given Tuesday by Mrs.
E. S. Gilbert of this city, who took
that charming manner of opening
the season in an informal little
bridge club of which she is a mem-
ber.

Motoring to the beach city, the
guests had a most enjoyable lunch-
eon served at tables gay with deli-
cate pink cosmos. An interesting
session of bridge occupied the
afternoon hours with Mrs. Walter
Vandermaast receiving a pretty gift
for holding high score. Mrs. O. H.
Egge holding second high score
and Mrs. Walter Prince with low
each received gifts while the spe-
cial guest prize was awarded Mrs.
W. A. Huff.

Always a charmingly hospitable
hostess, Mrs. Gilbert plans to en-
liven the winter season with a
number of similar informally con-
ceived and carried out events.

S. A. Women's Club

Beginning the twenty-third year
of its existence, the Santa Ana
Woman's club resumed its activi-
ties after a summer vacation pe-
riod, Tuesday afternoon at the home
of the president, Dr. Evalene Peo,
723 Lyon street.

Splendid roses figured in the
floral decorations and a large and
representative membership was in
attendance. "Hand shakes and
vacation tales" were features of
the informal program and follow-
ing the friendly greetings ex-
changed, Dr. Peo called the club's
attention to the convention of the
Orange county Federation of Wom-
en's clubs to be held in this city
October 21, and at which the Wom-
an's club will be hostess.

Necessary committees were ap-
pointed as follows: Reception and
courtesy, Mrs. C. T. Wells, chair-
man; Mrs. C. P. Crose, Mrs. Eliza-
beth Mills and Mrs. T. A. Marks;
pages, Mrs. Howard Clemmons,
Mrs. Ella Lash; ushers, Mrs. Jack
Taylor, chairman; Mesdames J. H.
Northrup, C. H. Stanley, Frank
E. Henry Diers, George Stocum,
B. Uttley and C. P. Kryhl; decora-
tion; Mrs. J. E. Levery, chairman;

Shower of Gifts
Surprises Bride-Elect
Recently from Virginia

For a brief time Tuesday after-
noon the busy wheels of Taylor's
cannery ceased and all employees
gathered in the rest room, where
a pleasant surprise awaited one
of their number, Miss Goldie
Petrie.

This surprise came in the nature
of a shower, as Miss Petrie is soon
to become the bride of Mr. Archie
Stuck of Garden Grove. After
some very pleasant and appro-
priate remarks by Mr. P. C. Wade,
relative to the lovable and
sunny disposition of the bride-
elect, she was asked to uncover a
table, where she found all kinds
of beautiful and useful articles for
her home. The gifts included sil-
ver, cut glass, linen and kitchen
utensils.

Mr. Taylor presented Miss Petrie
with a lovely box of assorted fruits
and Mrs. Taylor gave a delicious
cake, which was cut by the hon-
oree and served with ice cream to
all present.

Miss Petrie is a charming Vir-
ginian, who came to Santa Ana re-
cently and makes her home with
the family of her uncle, Mr. John
Fush, 720 East First street. She
has made many friends since her
arrival here and all are deeply in-
terested in the plans for her forth-
coming marriage to Mr. Stuck.

Mrs. Marian Brett, Mrs. C. Mor-
duff, Mrs. S. E. Lattrell and Mrs.
Charles Mattern.

The Woman's club, in addition to
yielding enjoyment and intellectu-
al improvement, has ever kept
pace with all national and civic
progress. In the period preceding
election, it is the intention of the
club to have, at each meeting,
talks upon various of the more
important measures to be voted
upon at the November election. In
accordance with this plan, Mrs.
Elizabeth Mills spoke forcefully at
Tuesday's meeting, on the citizen-
ship aspect of the Wright bill.

The next meeting of the club
on October 17, with Mrs. Frank
E. 201 East Ninth street, will be
highly important, as in addition to
the regular program to be pre-
sented, final details will be per-
fected for receiving and entertain-
ing visiting clubs at the conven-
tion.

HIT AND RUN PLAY WINS FOR GIANTS

Expert Says McGraw's Men Got to Bush by Keeping After His Fast One

BY HENRY L. FARRELL
(United Press Staff Correspondent)
NEW YORK, Oct. 5.—The grand old dope is all upset.

The Giants are one up on the Yankees and have battered the ace of Miller Huggins' hurling corps into submission.

The odds that favored the American league champions to reverse last year's decision and trample over the McGraw clan to a world's championship, slight as they were, have been proved unfounded.

By beating the Yanks 3 to 2 yesterday in the opening game of the 1922 classic, the Giants proved themselves once more the truly great ball club that was there in a pinch. Turned back in the eighth inning by the blinding speed of "Bullet Joe" Bush, McGraw's men climbed out of their tracks in the eighth inning, and with clattering bats that stung the best offerings of the Yankee star to all parts of the field, took the all-important first game before Waite Hoyt could be rushed to the rescue.

Series Far From Over.

The series is far from over and with fair skies and another Indian summer day promised for this afternoon, the Huggins will be out there scrapping tooth and nail to even up matters.

Bob Shawkey undoubtedly will be on the hill for the Yankees, who will be the "home team" this afternoon. Bob has a fine ball game in his system and if he uncorks it this afternoon, the Giant artillery may find even more trouble with his slants than they encountered in the early innings of yesterday's curtain raiser.

Scott or McQuillan are the probabilities for the National Leaguers. Strategy of the old master, John McGraw, who sent his boys in to play the hit-and-run, which has won so many championships for the Giants, finally conquered Bush.

It was just the tactics to employ against the Yankee "ace" yesterday. On another occasion with the nervousness that he kept well concealed behind a poker smile somewhat rubbed off by anger at his defeat, "Bullet Joe" may well fast-ball the Giants to a shut out.

THIS IS HOW IT LOOKS WHEN WORLD SERIES TEAMS BATTLE

Above is a view of the historic Polo Grounds at New York where the New York Giants and the New York Yankees are fighting for the baseball supremacy of the world. The field is regarded as the best of its kind yet constructed. It is the home of the Giants but the Yanks play all of their games there as well. The picture was taken from an airplane.

ASSAULT CHARGE IS FILED AGAINST MAN

Information against Paul Duarte, alleged assailant of Juan Ruiz at Laguna Beach several weeks ago, was on file in superior court today.

Duarte is alleged to have induced Ruiz to accompany him in a car on the Laguna road, whereupon, the complaint against him alleged, he beat him into unconsciousness.

Duarte is said to have become enraged when Ruiz refused to allow him to keep company with the latter's 10-year-old daughter.

Batting Out Odds Ends With World Series Ball Teams

POLO GROUNDS, NEW YORK, Oct. 5.—Ladies in tights were barred from the Polo Grounds today by general consent of fandom. The Lady Godiva, in what resembled a white union suit, who pranced around the bases before the first game of the Yankees-Giants series, was definitely eliminated from the picture after the razzing she received yesterday. The lady staged a trick walking contest to know the fans. Fans let it be known that they didn't want any gaudily-garbed cuties mixed up with the he-man's sport.

"Mr. McGraw, we are here," said General "Blackjack" Pershing when he entered a box with Judge K. M. Landis, who runs the show. And the crowd went wild.

One of the first in line at the gate this morning was Miss Sally Brown of Harlem. She picked Siki to win the world series.

Baseball experts presented their annual alibis after picking the wrong team to win the first game. In covering up, they stated that the dope would not have been upset if the eighth inning of the game had been eliminated.

Ticket scalping is nil this year. All of the gentlemen have evidently taken up bootlegging.

Nick Altrock and Al Schacht, the Mr. Gallagher and Mr. Sheehan of baseball, had a lot of new tricks. Nick's latest includes the playing of a slow motion picture tennis game. They both fainted when the lady in tights appeared.

The umpires' decisions could not be heard in the press box. They were drowned by the rattle of noiseless typewriters and silent telegraph instruments.

The umpires' decisions could not be heard on the field, either because the players gave their decisions in a louder tone of voice.

Hit-pocket bootleggers in the bleachers reaped a harvest. Ordinary four-bit "Geezers" were sold at seventy-five cents a copy.

And Joe Bush wore the red undershirt he got for the 1909 series.

NON-PROVIDER CASE INVESTIGATED TODAY

John Jiles, charged with neglect to provide for his children, was scheduled to be given a preliminary examination before Justice Leo Goepfer, in local justice court at 2 p. m. today.

James noonday

HUGGINS DECLARES GIANTS GOT BREAKS

Yankee Manager Gives Views After Team Is Defeated In Opening Game

BY MILLER J. HUGGINS
(Manager of the New York Yankees.)

NEW YORK, Oct. 5.—Without trying to detract from the class of the Giants, it can be said that they had all the edge on the breaks in the first game. The Yankees are at a slight disadvantage now but we are still confident that we will win the series.

Bob Shawkey is ready to pitch and he will be an effective hurler against the Giants. If he is in real form he will win today and tie up the series.

Joe Bush was charged with yesterday's defeat and he certainly did not deserve to lose. No one could wish for a more perfectly pitched game. With any kind of luck he would have won by a shut out.

Kept Bush in Box
One of the many breaks and the most important one happened in the eighth inning when the bases were filled and Emil Meusel bounced a single to center off Bush's glove. I probably will be censured for not remembering Bush before I did. When the bases were filled and Meusel hit that bouncer it was within an inch of a double play and that was our only hope of getting out of the hole.

I didn't take Bush out in that pinch because I felt sure that he was able to get out of it, as he had done in the previous innings. He had a batter in front of him who had not been able to get anything off him. The record shows that Meusel fouled to Schang in the first, grounded to Scott in the fourth and fanned in the sixth.

Claims Bad Breaks
As it was, perhaps I made the mistake of having Bush try for a strike on the first pitch to Meusel. He was expecting it and was all set.

There were other breaks that went badly for the Yankees. Young's miraculous catch for a double play in the fifth inning was one. Bancroft robbed Bush of two hits by sensational catches and other stunts were pulled on the field that were almost disheartening.

Everyone who saw that game will back me up when I say that the Yanks did not curl up at the finish. We deserved to win. We played errorless ball and fought all the breaks. We were beaten but not outclassed. I do not expect to see any one sided scores in this series as the pitching is going to be too good.

KID MEXICO BEATS LEO MATLOCK ALL THE WAY IN SIZZLING MAIN EVENT AT DELHI

Huntington Beach Boy Drops Rugged Opponent In First and Second Rounds; Babe Orton, Joe Garcia Give Fans Excitement In Preliminary Bout

Standing toe to toe and swinging their punches from the heels up, Leo Matlock and Kid Mexico, middleweights, last night offered the Delhi fight bugs the wildest, wooliest main event seen at Boyd Ellis' swat emporium in months.

And Mexico, the blonde Huntington Beach battler, won—won by such a large margin that there never was a question as to who was the better man. It was simply a question as to whether Matlock would be able to survive the salvo of terrific uppercuts that Mex planted on his chin. A less tough boy than Matlock never would have responded for the second going, nor the third.

It was a whale of a scrap and Mexico, despite his record of more than 200 ring frays, never put up a headier, cleaner, better fight.

The fans never saw the Huntington Beach boy go as he went last night. When there was any clinching, it was Matlock that did it. Mex seemed more than willing to stand in the middle of the ring and slam it out—until one or the other should drop.

Matlock was willing to do that for one round. They sparred around a little in the opener and then started to slug. About the middle of the round they stood toe to toe and started wild wallops, swinging from the floor. One of Mex's landed flush and Matlock went down. He took the count of nine.

Bell Saves Matlock
When he got to his feet he was groggy. He ran into a clinch. Mex shook him off and tried to finish him. But he was over-anxious. Two wicked uppercuts partially upset Matlock but neither of the blows landed flush. The bell saved the weary Los Angeles boy.

Another terrific uppercut sent Matlock to the floor in the second and left him visibly groggy the rest of the frame. But again Mex was over-anxious and moved in a little too close for his knockout wallop.

Matlock did better during the last two spasms. He managed to stay on his feet but Mexico poked him repeatedly with vicious rights and lefts.

The Huntington Beach boy has always been known as a clean battler. Last night he proved it again. In the last round his opponent, just about "all in," slipped a little in one of the corners. He was thrown off balance. His guard went down. Mex was in a position to swing his uppercut. But he stepped back and let Matlock regain his guard. It was a sportsman's move and Mex got a big hand for it.

Vasques Beats Adams
Young Vasques had too long a reach for Perry Adams in the semi-windup and the local man carried off the judges' verdict. Neither of the boys landed any blows that counted for much but they offered a clever mill.

Bert Collina, regarded as the best middleweight on the Pacific Coast, refereed all of the fights. And he must be just a little worried today after watching this husky life-guard from Huntington Beach, Harry Lee, knock Jack Tracey for a goal in just a minute and a half last night. Lee has all the requisites for a good middleweight. He is fast and his hard. He ran Tracey into a corner and rained rights and lefts on him so fast that the fans didn't know what it was all about. Collina stopped the fight when Tracey was visibly out on his feet. It was the third time Lee has been in a ring.

Dick Card is a game boy and he weeps trying all the time but he just can't fight. He was easily defeated by K. O. Swail in a rather tame match. Swail didn't have to do a great deal but he had an easy mark to shoot at.

Orton, Garcia in Thriller
Babe Orton and Joe Garcia put up just about the best battle on the card. The fans were on their feet throughout their torrid melee. The judges called it a draw but Orton had a good edge and should have had the decision.

From the first bell to the last the little fellows slammed, slugged and poked at each other until the bugs were crazy. Orton is the most improved fighter that has appeared at Delhi in months. He did a lot of damage to Garcia's face. All that save the Los Angeles boy was his cleverness and speed. He was beaten all the way. Boyd Ellis should re-match the boys and put them pretty well up on the card. After that affair last night they could get by on a main event.

Joe McGill had little difficulty in polishing off Young Mose, Anaheim boy, in the second canto. Mose was good and ready to call it quits when he was dropped early in that round.

What To Tell Strangers About Santa Ana

A series of articles, intended to provide all citizens with a talking knowledge of our town, and its points of advantage. The complete series will make up a comprehensive survey of the general community.

NO. 19—SMART & FINAL

The Smart & Final Wholesale Grocery, at the Santa Fe tracks on First Street, is one of the big, substantial concerns in Santa Ana that strangers ought to be told about. The concern distributes all manner of canned goods, groceries and household supplies to practically all the grocery stores in the county and a good many on the outside.

The institution was established many years ago and its history has been marked by a steady growth. A large force of employees in the ware houses and offices and many traveling salesmen are supported by Smart & Final, and a large pay roll is distributed over the county each week.

While out showing the town to the newcomers, don't forget to introduce them at the McFadden Hardware Store.

STRIKERS OPEN NEW FIGHT ON DAUGHERTY

(United Press Leased Wire)

Chicago, Oct. 5.—Railroad shopmen today went over Attorney General Daugherty's head and asked the federal court here to issue an order urging the circuit judges to review the Daugherty injunction immediately.

Donald R. Richberg, attorney for the shopmen, read the appeal to the court.

The attorney declared that under the law of 1913 the attorney general could inform the circuit judges that the matter was of "general public interest" and thereby obtain an immediate hearing.

Richberg quoted a letter from the solicitor general's office which indicated that the government did not propose to appeal to the circuit judges. The attorney then declared there was no other course open to the shopmen other than the appeal to the court to inform the judges and urge quick action.

BUILDING AND LOAN STOCKHOLDERS CALLED
Subscribers to stock in the Santa Ana Building and Loan association, now in course of organization, will be called to meet at the council chambers in the city hall Thursday or Friday evening of next week to discuss business matters, according to an announcement made this afternoon by D. N. Kelly, acting secretary.

The association originally started as a mutual stock organization. Later the directors decided that it should be organized with guaranteed stock of not less than \$200,000.

The meeting is being called principally to give subscribers an opportunity to express themselves as to whether it should continue strictly as a mutual stock concern or should operate with guaranteed stock.

SAYS UNIVERSITY NOT RICH MAN'S SCHOOL

BERKELEY, Oct. 5.—Aroused over the charges that the University of California is a rich man's school, a place where the more fortunate may gain four years of pleasure and incidentally a light amount of education at the State's expense, campus leaders at the University of California have brought forward figures to prove that 70 per cent of the men at the university are wage earners and that 25 per cent are wholly self-supporting.

DEATH CLAIMS WIFE OF G. A. R. VETERAN

The funeral for Mrs. Mary Hall, 70, wife of George W. Hall, commander of the Orange post of the G. A. R., will be held from the Claude N. Ellis Undertaking company chapel, Orange, at 10 a. m. Saturday. Burial is to be made in Fairhaven cemetery, with the Rev. George A. Francis, pastor of the Orange Baptist church, officiating.

Word of the unexpected death of Mrs. Hall in Los Angeles Saturday night was received here today.

L. A. GIRL SPEEDER GETS JAIL SENTENCE

LOS ANGELES, Oct. 5.—Beatrice Leavi, who like Bebe Daniels accelerated inopportunely, is spending five days in the county jail. The jail sentence was imposed by Justice Brown when he learned it was the fair defendant's second offense against the speed laws.

ELKS HERE PLAN TO HOLD OPEN MEETING

"Welcome, friend."

This is the greeting that will resound through the clubrooms of Santa Ana Lodge No. 794, B. P. O. E., next Tuesday night, when the local order will hold an open meeting.

Each member is entitled to bring a friend, it was announced. The lodge room will be thrown open to visitors after the Elks hold a brief business meeting.

Elks here are looking forward to a dance which will be held at the Legion home on Birch street the evening of October 18. The dance is for Elks and their ladies.

The lodge's roll call night will be held October 24.

During September antlers were set on these new members: V. C. Heil, H. J. Gerken, W. W. Wilkins, G. E. Sherman, M. J. Nichols, Claire McConnell, C. B. Henry, J. E. Shields, W. W. Blair and R. M. Davis.

LIONS' CLUB HOST TO FAIR CHIEFS

Members of the executive committee of the Orange county fair were guests of the Lions' club at its meeting at St. Ann's Inn at noon today.

The club tendered the courtesy as evidence of its appreciation of the valuable services the committee rendered to the county in making the first annual fair in Santa Ana the big success it was.

D. Eymann Huff, president, and J. C. Metzgar, manager, following the serving of the luncheon, spoke briefly expressing the high appreciation of the committee of the courtesy of the club.

The fire play presented to the Rotary and Kiwanis clubs by Spurgeon school pupils was repeated as a part of the program for today's meeting.

QUASH BURGLAR CASE AS ACCUSER IN JAPAN

Burglary charges against Jesus Saragosa, scheduled to appear for trial before Judge Z. B. West this morning, were dismissed when it was found that T. Fujimura, the complaining witness, had gone to Japan.

Fujimura had claimed that he found Saragosa in his home at Talbert, and that the latter had entered through a screen door which he had forced open.

NON-SUPPORT CHARGE IS BROUGHT BY WIFE

Non-support of his three minor children was charged in a complaint issued against Leroy Edward Fritzinger through the district attorney's office late this afternoon. The complaint was sworn to by his wife, Clarabel Fritzinger, who said that Fritzinger failed to support his three children, Gayle, 15; Leroy, 10; and Robert, 3.

CAR FOUND IN SOUTH MAY BE STOLEN AUTO

A green painted touring car, believed to have been stolen Tuesday evening from Otto Ulrich, Garden Grove, was found late today at San Diego, according to word received by authorities here.

The touring car discovered at San Diego corresponds to the description of Ulrich's machine. At the time it was found it bore registration tags belonging to H. J. Mays, Compton. Mays claims to have sold his car, with the tags, to Long Beach men last week, he told the police.

FILM EXPLOSION IS CAUSE OF BIG FIRE

(United Press Leased Wire)

SAN FRANCISCO, Oct. 5.—Two hundred fifty thousand dollars was the estimate today of damage done by fire late yesterday in the film exchange building here.

Eleven persons, including two firemen, were painfully but not seriously injured, while more than a score narrowly escaped.

Most of the damage was caused by the loss of movie films stored in a half dozen film exchanges which have quarters in the building. The films exploded and burned fiercely.

La Facile & Spencer dress and supporting corsets, Madam Sutliff, 801 Spurgeon, S. A. Phone 699-M.

RICHARDSON TO BE IN CITY THURSDAY

Bringing his campaign into Orange county, Friend W. Richardson, Republican nominee for governor, is to be the guest of Orange county Republicans at a dinner to be given next Thursday evening at St. Ann's Inn.

Word that Richardson would be here at that time was received today by W. F. Menton, chairman, and E. R. Abbey, secretary, of the Republican County Central Committee. Arrangements for the dinner are being hastened today by S. M. Reinhaus, chairman of the committee in charge of the affair.

Republicans from all over the county will be given an opportunity to attend the banquet. Tickets for it will be on sale within a day or two, said Reinhaus.

According to the schedule reported here, Richardson is to be in San Diego next Monday; Riverside city, Tuesday; Redlands and Riverside county towns, Wednesday; San Bernardino, Thursday noon; Santa Ana, Thursday evening; Los Angeles, Saturday. Sunday morning he is to start for Imperial valley.

ALLEGED INTOXICATED DRIVER IS RELEASED

Charges of operating an automobile while under the influence of intoxicating liquor were dismissed for lack of evidence when J. Henderson came before Justice Leo Goepfer here today for preliminary examination.

Officer A. S. Hinkle, Dr. R. A. Cushman and Jailer Joseph Irvine testified that they smelled liquor on the defendant's breath after he was arrested.

F. Parks and Henderson, testifying for the defense, however, said that the liquor had been given to Henderson, who was injured in a crash near Westminster, as a means of reviving him.

Upon the motion of Deputy District Attorney D. G. Wetfelin, the charges were dismissed.

GIRL MAKES ESCAPE BY BED SHEET ROUTE

LOS ANGELES, Oct. 5.—Marie Wycoff, alleged to have stolen \$5,000 worth of diamonds in Santa Barbara recently, today swayed her liberty to the bed linen in her hotel room where she was trapped by police.

The pretty young woman escaped through the window to the roof of an adjoining building by means of a rope of sheets and blankets knotted together.

EMBEZZLEMENT CASE MAN NABBED AT BEACH

Verdo P. Armstrong, charged with embezzlement of oil stock certificates valued at \$100 from Mrs. B. K. Campbell, was arrested late this afternoon at Newport Beach by officials of the sheriff's office.

\$1377 JUDGMENT IS AWARDED TO WOMAN

Judgment aggregating \$1,377.00 was awarded to Lola Heiler, lawyers, who sued J. E. Gibson to recover on fourteen promissory notes of \$35 each.

Superior Judge R. Y. Williams gave judgment for \$1,377.60 and \$10 costs and attorney's fees, in a decision filed today. The stipulation included interest on the notes.

LANDLADY CLAIMS MAN EVADED LODGING BILL

Because Mrs. Rose A. Richart, proprietor of a rooming house at 404 South Olive street, Orange, alleged that Bert Hamill neglected to pay his room rent before departing with his baggage, a complaint against Hamill was issued through the district attorney's office today.

The landlady claims that Hamill secured quarters from her on credit, and that he departed without making settlement.

The complaint is the second of its kind to be issued here within a week.

ORANGE

ORANGE, Oct. 5.—Erwin Koth, who Saturday severely fractured his left arm, is reported resting easily, with recovery rapidly on the way.

Edwin Barnett, who suffered a basal fracture when he was struck by an automobile here Friday is reported by his physician as out of danger, and slowly improving. Details as to how the accident occurred are lacking.

Mr. and Mrs. Walter Glessener spent the week end with relatives in Redlands.

Mrs. Jesse Wilkes, who has been visiting at the home of Mr. David Hunt has returned to her home at Manhattan Beach.

Mr. and Mrs. C. W. Decker of Santa Ana, were guests yesterday at the W. H. Flippen home on East Chapman Ave.

Miss Lena Freeman who was ill last week is able again to be at her post of duty in the First National Bank.

Mr. George Peterson was a business visitor in Los Angeles yesterday.

Mr. L. J. Danner of Nuevo, was a week end visitor here.

Misses Margaret Squires and Enid Haynes, students of Pomona College, were home over Sunday.

Special Sale of Blankets at Leipsic Friday and Saturday.

HAROLD LLOYD AND MILDRED DAVIS
In a "ticklish" scene from "Grandma's Boy," now showing at the West End theater.

"THE REAR CAR" COMES TO YOST THEATRE MONDAY.

One of the most unusual plays which has been presented on the American stage comes to the Yost theater next Monday, October 9, when "The Rear Car," a melodramatic farce of mystery, by Edward E. Rose, will be presented for the first time in this city by Thomas Wilkes, through arrangement with Selwyn and company, the noted New York producers.

"The Rear Car" has been described by critics as being "battier than 'The Bat.'" On the other hand, it is the opinion of reviewers that "The Rear Car" far exceeds "The Bat." "The Cat and the Canary," and other plays of that kind in the delightful comedy which is provided by the leading character, Sheridan Scott, the deflector.

A deflector is something new in the annals of criminology. According to Sheridan Scott, a deflector averts crimes which are to be committed.

INEXPENSIVE METHOD OF REDUCING DANGEROUS SWOLLEN VEINS AT HOME

Doctor's Recent Discovery, Also Heals
Ulcers, Bolls, Carbuncles, Abscesses
and Open Sores in a Few Days

The world progresses. Today ailments that took weeks to cure can now be ended in a few days. If you have varicose veins or bunions you can start this today to bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of Moore's Emerald Oil at any dispensing pharmacist and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

After a few days' treatment the veins will begin to grow smaller and by regular use will soon reduce to normal.

Moore's Emerald Oil besides being one of the most powerful of antiseptics capable of destroying the most pernicious germs and the poisons caused by them, is also a marvelous healing agent.

One application for instance stops the itching of eczema, and a few applications causes the eruption to dry up, scale off and completely disappear. It is equally as effective in barbers' itch, salt rheum, redness and inflammatory skin trouble.

People who want to reduce varicose veins, wens or goitres, or get rid of eczema, ulcers, bolls, abscesses or piles in a few days should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Any pharmacy can supply you.—Adv.

Something About Our Wall Papers

—The Chinese and other Orientals have wall papers in little squares of about twelve or fifteen inches. They patch these squares on the walls instead of hanging long strips cut from rolls as we do.

—Years ago the old sea captains brought to the colonies some of these old prints and in many New England homes can be found some of these old papers by cutting through fifteen or sixteen thicknesses of paper.

—Thomas Strahan Co., of Boston, manufacturers of high grade wall papers are reproducing these patterns directly from the originals, some of which are over a hundred and fifty years old. These patterns are produced in the original colors and in new colorings including the famous Strahan Pastel shades.

Tustin

FIND INTEREST KEEN IN FARM GATHERING

TUSTIN, Oct. 5.—The farm center announces its first meeting for this season is to be held at the Tustin grammar school auditorium Friday night, October 6. A large attendance is expected by the local people for many well known Santa Ana speakers are to appear and discuss the vital points in the new laws soon to be voted upon.

"This is expected to be a banner meeting in point of attendance if interest expressed indicates the trend of thought," said Arthur Lindsay, president of the Tustin farm center when seen today. S. W. Stanley was busy preparing the program. C. A. Broomell, secretary of the farm center said: "I am being phoned to constantly in regard to the program, thereby showing public interest is surely aroused by what has been heard about it."

SOLOISTS REHEARSE FOR SCHOOL AFFAIRS

TUSTIN, Oct. 5.—Rehearsals of the solos to be sung in "The Windmills of Holland," have been started at Tustin Union High school and the characters have been cast as follows: Myrtae Hertenbosch, Roy Kuykendall; Vrouw Hertenbosch, Agnes Cawthon; Wilhelmina, Thelma Nordstrom; Hilda Clotilda Hurtado; Bob Yankee, Raymond Fisher; Hans, Joseph Fink; Franz, Bonifacio Jimenez; Katrina, Ethel Osterman.

Glee clubs have been organized, the girls' club numbering between fifty and sixty while the boys number about forty. A contest has been started to see which boy brings in the best glee club songs," stated Miss Madge Stephens, in charge of high school music.

"An orchestra has started with a dozen instruments in use and the addition of the new cornet that is to be purchased this week will augment the tone of the ensemble of the school orchestra very much. All this preparation is for the opening of the school in its formal reception to the public as soon as the school has been completed."

TUSTIN BOY SCOUTS PLEASE SCOUTMASTER

TUSTIN, Oct. 5.—Friday night there is to be a regular meeting of the K. of P. Boy Scouts at K. P. hall. There is to be drill in order to be ready for the scout field meet that is soon to be held.

A scout camp and a board of knots tied by the scouts was a clever exhibit that won for the local troop the second prize at the Orange county fair held at Santa Ana last week.

"The troop is growing in membership slowly but surely along the best lines, and I am extremely well pleased with their work," said Scoutmaster Dana Lamb, when interviewed yesterday.

We Never Sleep

PATRIOTIC CEREMONY OPENS WEEK'S SCHOOL

TUSTIN, Oct. 5.—Monday mornings a very pretty and patriotic ceremony is enacted by the school children of the Tustin grammar school before the school opens for the week.

At 8:30 there is the call to colors and the flag is hoisted, followed by the flag salute, after which patriotic speeches or recitations by different children are given. The ceremony closes with a patriotic song, and the children march into the various class rooms.

TUSTIN

TUSTIN, Oct. 5.—O. A. Leiby, L. F. Sheets, Fugle Young and Barney Johnson returned from their camping trip reporting little game seen by them along the Kern river but they enjoyed excellent camping places.

Ed Helt and his family motored to Arrowhead lake Sunday.

James B. Utt and Roy Smith are to move the display they had of nurserystock in the Orange county fair to the Ventura county fair and compete with that displayed in Ventura.

Will Hatch was the winner of several prizes for his leghorn poultry.

C. A. Miller accompanied H. W. Smith, registration deputy, about Tustin Tuesday getting tardy registration done before it is too late. Registration for the November election closes Oct. 7.

Sherman Stevens has returned from his trip.

Charles Crawford has recovered sufficiently from his recent hospital experience to attend the first football match of the season Tuesday.

Mr. and Mrs. T. L. Cummins paid a flying visit to Mrs. George Brown who accompanied them to Los Angeles and then to Long Beach for a short stay before they returned to their home at Bakersfield.

Harry Whitney was operated upon for appendicitis recently at the Santa Ana Community Hospital and is doing so well that it is said he may return home soon.

Lyle Forney, the athletic manager of the Tustin high school, met with a painful accident a few days ago in which he secured a fracture of the elbow of his right arm. He jumped upon the running board of the school bus while the bus was still in motion and his foot slipped and his elbow was fractured in the fall that followed.

C. E. Utt, Sherman Stevens and Percy Rice left early Wednesday morning for a motor and business trip to Fresno.

The home of the James Dort family is being occupied at present by a brother and his wife from Nebraska who are waiting the return of James Dort from his trip to the east taken during the summer.

The Y. W. C. A. of Santa Ana Junior College had a picnic at Balboa Beach Monday evening and two Tustin girls were in attendance. Miss Marjory Rawlings had Miss Marjory Tubbs of Tustin and several other young ladies as her guests rode in the family sedan which Miss Rawlings drove to the beach.

The United States Burns Up---

\$350,000,000.00 Every Year
\$930,000.00 Every Day

\$39,000.00 Every Hour
\$640.00 Every Minute

The Cause

Carelessness with matches, gasoline, oily rags, trash, and other inflammable material. Poor building construction. Poor fire protection. Poorly enforced ordinances.

The Effect

A steady and enormous drain on the country's wealth. Higher rates for fire insurance.

The Remedy

Good building construction, good fire protection, and well enforced ordinances. Care in using matches and in handling and storing gasoline, and all inflammable materials. Responsibility for fires investigated, and carelessness punished by law.

Every Fire Everywhere Hits Every Man's Pocketbook

MILLIONS SPENT TO BOOST BUILDING SKY-HIGH IN SANTA ANA

HOME SEEKERS COMING HERE FROM EAST ARE MANY

Santa Ana Camp Grounds Receive Hundreds of Visitors

SEVERAL BUY HOMES

Coal Shortage In East Forces Hundreds to Locate In West

The Chamber of Commerce auto park on North Main street will entertain more prospective home buyers in the next two months than it has since it was opened, in the opinion of L. A. Ludwig, custodian of the park.

Co-incident with a statement expressing this opinion, Ludwig declared his belief that Santa Ana will have more eastern people here as guests than any previous winter.

A shortage of coal in the east tells the story, Ludwig says.

The vanguard of the thousands who will rush to California to escape the rigor of eastern weather has arrived and Santa Ana has not a few of them. Among the most recent arrivals is Dewitt Huddleston and family from Bridgeport, Ill. The family is temporarily located at the camp grounds. According to Huddleston's statement, hundreds of people in his home section are coming to California this winter solely because of the shortage of coal.

Many Camp Here
September records of the camp reveal that 992 different people were camped at the grounds. The number of cars was 327, making the average number of people to each car a fraction more than three.

Of the number who accepted the hospitalities of the camp the heads of two families purchased homes, two bought business enterprises and ten rented homes, according to Ludwig.

The home purchasers were P. T. McKay, of Minneapolis, and George H. Luge, of Redlands. R. A. Park, of Idaho, purchased the filling station at First and B streets, Tustin, and E. H. Boden, of Iowa, purchased the Stark photo gallery in this city.

September Receipts Good
"In the point of finances, September was the best month the park has had since its opening," said Ludwig.

"Among the campers have been many who were travelling on vaca-

Orange Comes to Front With Many Building Permits

Not to be outranked by other cities in the county in smashing building records, Orange today is to the front with a total for the year to date that throws past records for even full-year operations in the background.

According to the building department of that city, permits issued up to October 1 totaled \$652,737.30. It is estimated that by the end of the year the aggregate will be \$900,000 or more.

The year 1920 was the high mark in building operations there, the sum total being a little more than half a million dollars.

Permits for September numbered twenty-eight, calling for expenditures aggregating \$71,750. Eight of the permits were for dwellings, one business structure and three apartment houses, one of which is a \$10,000 two-story structure.

REALTORS TO MEET FOR DISCUSSION OF STATE SESSION HERE

With the program for the annual state convention to be held here in December as one of the big features of the conference, a number of Santa Ana realtors are making arrangements to attend a meeting of the directors of the California Real Estate association to be held at Huntington Lake next Saturday and Sunday.

Among those who have definitely announced their intention of attending are Freeman H. Bloodgood, Everett A. White and A. B. Rousseau. White is a director. The Santa Anas will leave here by auto Friday morning and Saturday morning will depart from Fresno for Huntington Lake by train.

It is expected that seventy-five of the most prominent realtors of the state will be present. Santa Ana will be in the limelight by reason of this being the convention city for this year.

PALMER APARTMENTS HERE CHANGE HANDS

The Palmer apartments, at the northeast corner of Walnut and Birch streets, today were the property of J. E. Leibig, Charles Seaman, L. J. Gardner and Charles F. Smith, following two transactions made this week, starting with sale of the property by H. E. Holmes to I. J. Owens. Holmes is a salesman with the real estate firm of Hoffman and Smith.

In passing the property, Owens accepted ten acres of vegetable land on Placentia avenue, a short distance north of Center street, Anaheim. The consideration on each side was \$26,000.

Queen Bread—Ask your grocer for Queen Bread.

PHONE SERVICE TO BE MUCH IMPROVED

\$50,000 To Be Spent On New Equipment In County, Report

The Pacific Telephone and Telegraph company is now actively engaged in the installation of new services in its various exchanges in the county that will involve the expenditure of approximately \$50,000, E. S. Morrow, of this city, district manager for the company, said today.

Six new local switchboards and two long distance boards are being installed in the Santa Ana exchange, Morrow said, adding that the company is pursuing the policy of not only taking care of the immediate needs of this city, but to provide for the future. Intended in the new boards are 600 multiple and answering jacks.

Service is hampered now in progress service here is being interrupted to some extent. As installation involves connection with the boards, interruption of service on two of the old boards results. Morrow explained that the shortage of the two old boards is felt keenly by the office force in giving the service it desires to maintain at all times.

The Santa Ana work probably will not be completed before the first or middle of December.

At Anaheim, the company is extending \$3800 in providing an additional section of switchboard. When completed the new installation will permit the connection of a total of 1760 stations. Morrow says that the company will provide for installation of additional equipment at the central office.

Other Towns Benefit
Preparations are under way at Fullerton for the installation of an additional section of toll board and an additional section of subscribers' switchboard at a cost of \$5900. An additional underground cable is being provided at an expenditure of \$900 and the company is spending \$9000 in extending facilities toward Placentia.

The company has recently arranged for the construction of a new building at Newport Beach, which, with certain outside plant arrangements, will cost approximately \$6000. It is planned to convert the present magnetic switchboard to common battery equipment, consisting of two toll and two subscribers' sections, at a cost of about \$9000.

Provide For Future
Morrow says this equipment will provide facilities to care for the anticipated demands for service and, with the outside plant rearrangements which have been completed, will take care of the growth for some time. It is expected that work will be completed by April 1, 1923.

In addition to the improvements noted, Morrow said, the company is spending \$20,000 in the installation of outside cable facilities in various parts of Santa Ana area, which includes the points named.

ANAHEIM PROPERTY SALES ARE GROWING

(Special to The Register)

ANAHEIM, Oct. 5.—The Golden State Realty company today reported recent sales as follows: S. M. Dudley, of Buena Park, to William Moore, recent arrival from Colorado Springs, seven and a half acre chicken ranch fully equipped.

Ana. Carlen, of Huntington Park, to Fred Dorn, of East North street, this city, eleven acres of vacant land at the corner of Blue Gum avenue and Coronado street, Anaheim. It is understood the purchaser has bought the property for his son, Oscar Dorn, formerly a member of the Anaheim police force, now a resident of San Francisco, and will set it to Valencia orange.

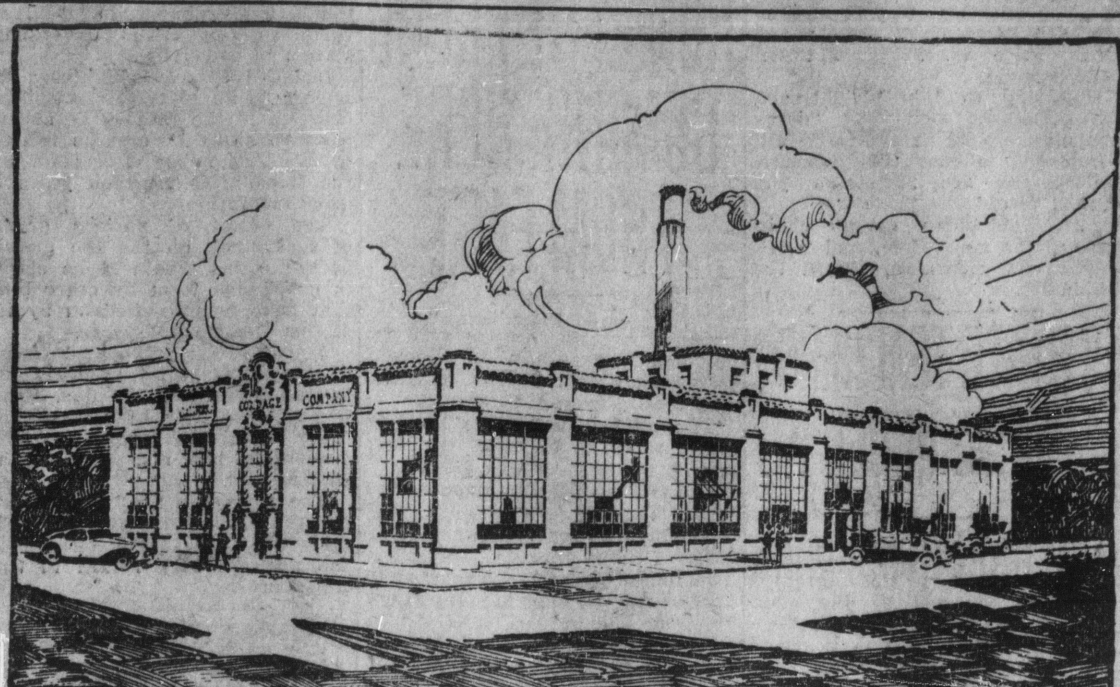

William F. Kogler, hardware merchant of Orange, to Walter Kempin, of Milwaukee, five acres of valencias located three miles east of this city. Kempin came here Saturday and was so impressed with this section that he decided at once to purchase the grove and to make his home here in the future. He will return at once to Milwaukee, where he will close up his business affairs preparatory to transferring his interests and operations to this section. Kempin operates a big nursery plant in Milwaukee.

LET SEWER CONTRACT BAKERSFIELD, Oct. 5.—A contract for the construction of an out fall sewer, work on which will be begun immediately, was let by the city of Delano to Bakersfield contractors. The sewer will cost approximately \$120,000.

Think of "EXCELSIOR" when you want milk, cream and ice cream.

\$100,000 TWINE PLANT, NEEDING 50 WORKERS, TO RISE AT ORANGE

Sketch of the proposed California Cordage company's plant, costing \$100,000 and employing fifty persons, planned for Orange.

LUMBER YARDS HERE SHORT MATERIAL

In the midst of an unprecedented building era here and in other Southern California cities, lumber men are finding themselves seriously handicapped by lack of materials. To add to this plight little or no relief is in sight.

These statements were made today by O. H. Barr, of the Barr Lumber company, in summarizing the situation as it affects Santa Ana and surrounding country.

Several factors, including forest fires in the Northwest which prevent the operation of logging camps and the subsequent activities of the mills, and the railroad strike which tended to tie up much needed cars, are the cause for the shortage of materials here now, Barr explained.

Efforts of Barr one day this week to secure cars for the movement of lumber from San Pedro to this city failed when he was informed by attaches of the Banning wharf that the Southern Pacific had not had a car at its docks since Friday of last week. Gondola cars of this railroad are for the most part being pressed into coal service in the East, and flat cars are almost an unknown quantity, with the result that the railroad officials hold out no encouragement for the situation, Barr found.

POLY FOLK ON EDGE AS ASSEMBLY NEARS

Santa Ana high school pupils were on their toes today in anticipation of tomorrow's assembly, at 9:50 a. m.

All the pent-up football enthusiasm which has been brewing since last year's successful season will be let loose in this, the first big rally of the year, it was forecast.

Yelling, singing and speeches will make up the entire assembly program.

"Jim" Reynolds, president of the Los Angeles Stanford club, will speak. An old football man himself, he is to use "Sportsmanship" as his subject and is expected to bring out some good points for players and fans alike.

Yell leader try-outs, which were held last Friday, will be repeated.

BUREAU STOCK IS SOLD GRASS VALLEY, Oct. 5.—The Farm Bureau stock sales, held at the Lime Kiln ranch last week, resulted in about 200 head of cattle being sold at satisfactory prices.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Starts to Leave the System Within Twenty-Four Hours

Every doctor in this country is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenru, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and where the patient was helpless.

Representing an investment of \$100,000, covering building and equipment, a cotton twine manufacturing plant will be built near the California Wire company's factory at Orange, it was learned here today. Construction of the building is scheduled to begin within ten days.

Executives of the California Wire company will have charge of the direction of the California Cordage company, which will operate the twine plant, according to Fred A. Grote, secretary of both firms.

To Employ Many.

The twine factory, which will give employment to fifty persons, most of whom will be residents of Orange and vicinity, will have a capacity of 27,000 pounds of twine a week, it was stated. Night and day shifts will be employed.

Tentative plans for the building have been accepted. These call for a one-story structure, 80 by 100 feet. The exterior will probably be of stucco and the roof of tile. The sash employed will be of steel throughout. An extensive lighting system is planned.

Soon to Operate.

Within 60 days after construction begins it was stated, the building will be completed and it is planned to place the plant in operation by January 1.

The California Wire company will utilize the entire day shift output of the twine plant for insulation purposes, Grote said, adding that the executives of the new firm were confident that a ready market would be found for the product of the night shift.

Fifteen railroad cars will be required to transport from the East the machinery for the new factory.

COLONIZATION TO BE TOPIC AT MEETING

State Real Estate Commissioner Edwin T. Keiser has issued a call for a conference of the land owners, realtors and investment agents interested in colonization of California lands to be held at the Palace hotel, San Francisco, October 13, according to the news bureau of the California Real Estate association.

It is expected that leading property owners from all over California will be present. The state land settlement work will be represented. Many prominent realtors will be in attendance and among the organization to be represented will be the California Real Estate association and the California Development association.

15 LEGION MEN MAY ATTEND BIG MEETING

Probably fifteen members of Santa Ana Post No. 131, American Legion, will attend the national Legion convention at New Orleans, October 16 to 20, according to an estimate made today by Adjutant Clyde C. Whitney. Whitney classified as important the fact that those who intend to make the trip should notify him so he will be able to make necessary arrangements for their transportation.

Whitney displayed a letter from national headquarters which cited a fare of \$77.14 for the round trip to those who join the special Legion train which will leave San Francisco at 9 a. m., October 12. It was impossible to get the one-cent fare, Whitney said.

The Californians attending the national convention are asked to wear a red flannel shirt, blue denim trousers and a "forty-niner hat." It was said that no other state will send delegates to the convention in like garb.

ICE PLANT TO BE ERECTED AT ORANGE

Residents of Orange and vicinity today were contemplating the time when they may be consuming ice manufactured in that city, following announcement by the board of directors of the Orange Ice and Cold Storage company that they had authorized the Gay Manufacturing company, of Los Angeles, to proceed with plans and specifications for a plant that will cost, it is estimated, \$50,000. The plant will be modern and have capacity for manufacturing twenty-five tons daily. The building will cost \$40,000, it is estimated.

The site is a three acre tract on West Walnut street, opposite the plant of the Standard Oil company. That the directors of the company anticipate development of greater business than was thought possible when consideration of the project was first discussed, is revealed in the statement that they originally contemplated a plant of fifteen tons capacity.

Before deciding definitely in the character of equipment to be installed the directors inspected a number of ice plants in Southern California.

It is expected building operations will start by the middle of November or the first of December.

SAY 150 S. A. VETS TO ATTEND MEETING

Their hearts made light once more by the call to mobilize, probably 150 members of the G. A. R., with their ladies and members of the Relief corps, will leave from this city tomorrow to attend the annual gathering of the Orange County Civil War Veterans' association at Orange.

George Huntington, commander of Sedgwick Post No. 17, said today that he expected all his comrades, and most of the women of the relief corps, to attend from this city.

The session of the veterans will open at the Veterans' hall, Orange, at 10 a. m.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour Gassy Stomach and Acid Indigestion

Doubtless you are a sufferer from indigestion, you have already tried pepsin, pancreatin, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little Bisurated Magnesia—the ordinary commercial carbonate, citrate, or milk, but the pure Bisurated Magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

PERMITS BARE GIGANTIC STRIDES IN CITY GROWTH AS ALL RECORDS BROKEN

With 1,148 permits issued, with a total value of \$2,711,771, and with the value of permits totaling \$31,750 for the first three days of the present month, City Building Inspector W. S. Decker today predicted that the permits for the first ten months of 1922 would exceed by fifty per cent the entire year 1921, when the grand total was \$2,058,348.

Declaring that he foresees no cessation in building activities here during the late fall and winter, Decker, supported by Freeman H. Bloodgood, president of the Santa Ana Realty board, made public some interesting comparisons.

Previous Years Bested.
Comparatively, Decker said, the total for the first nine months of the present year is much in excess of previous years.

Decker today computed previous totals which, compared to \$2,711,771, the total value of permits issued by him since January 1, 1922, bring to light some startling facts.

For example, during the past eighteen years and three months, the entire time for which building records are available, the total was \$10,465,364.

One-fourth of this amount, Decker pointed out, would be \$2,116,341. Figures Are Startling.

"This shows," said Decker, "that our total for nine months of 1922 exceeds one-fourth of the great total rolled up in eighteen years and three months. We are already more than fifty per cent ahead of the first nine months of last year. By the last of this month, I predict we will be fifty per cent ahead of the grand total for the year 1921."

Last year, Decker said, permits were issued for 533 single homes, with a value of \$1,266,405. Up to June 1, 1922, permits for 289 single homes had been issued.

During 1921, permits for twenty double apartments, with a value of \$80,467, were issued. Up to June 1 of this year permits for twenty-seven double apartments had been issued. Permits for fourteen four-flat buildings, with a value of \$152,650, were issued in 1921. Up to June 1, 1922, permits for six four-flat buildings had been issued.

Increase Clearly Shown.
"Further evidence of the marked increase in building is seen in the fact that the permits for the first three days of this month total \$31,750," said Decker. "For the present year the total was only \$28,000."

Freeman H. Bloodgood, commenting upon the fact that there is still a steady demand for desirable property despite the fact that building activities have shown no cessation, said that it is virtually impossible for Santa Ana realtors to meet the demand for rentals.

"There is a steady, and an ever-increasing demand for houses," said Bloodgood. "Rentals are particularly scarce, the demand exceeding the supply. This condition has existed for several weeks. At the same time, we note that there has been renewed activity in purchases since the Orange county fair."

No better proof of Santa Ana's rapid and substantial growth could be shown.

(Continued On Page 10.)

BUILDING OVER MILLION IN 9 MONTHS

Report today of building permits issued in September revealed that Anaheim through that month continued her building stride and that its record for the nine months of the year is \$1,107,000, a new high record for the Mother Colony.

Twenty-one new residences are included in the number issued. Among business building projects that will be started this month will be the George West garage and the Dr. W. M. Chambers garage, both located on Chestnut street.

Only one permit for an apartment house was issued during September, and this will be built at 315 South Clementine street by Mrs. M. Hamler. Work will be started soon on the new \$9000 hotel which is to be built by Terry Davis at 220 North Philadelphia street. R. P. Fember has been issued a permit for a meat market at 109 North West street, and Octave Roquet will erect a store building at 602 East Broadway.

Permits for residences were issued to the following: Mrs. E. H. Chaffee, Nelson Phillips, G. W. Brown, Wayne Amack, D. G. Maltby, Dr. W. S. McFarlane, M. L. Wallie, J. A. Planting, John Bent, Eugene Berocote, James Ballard, W. P. Holston, A. Neimann, B. Raymond, Dr. W. M. Chambers, D. W. Anderson, L. P. Dunlap, Ray Fisher, B. M. Fordyce and W. F. Michle.

THREE TRACTS SOON TO HAVE GAS LINES

With gas mains installed on Main street, south of Edinger, and laterals being laid on east and west streets on each side of Main, owners of lots in McFadden subdivision No. 3, the Chanticleer Manor subdivision and the Country Club Gardens tract today were anticipating in the immediate future service from the Southern Counties Gas company, according to A. B. Rousseau, owner of McFadden subdivision No. 3.

Electricity is being provided for the tracts, also, making complete all services essential to their development. The erection of many new buildings on the properties indicates how popular the tracts are with home builders.

Care of the Eyes

BY DR. ROY S. HORTON

OPTOMETRIST

A LITTLE TALK WITH A MORAL

Every seat in the club car of the Congressional Limited was taken when the train pulled out of Washington. Among the last of the passengers to get aboard was a foreign diplomat; he was to deliver an address that night in New York, and counted on the five hours' journey to put the final polish on his manuscript.

A half-hour's smoke, and he would be ready for the task.

Passing through the club-car, he stepped onto the observation platform, where he found a camp-chair vacant. But ill luck lay in wait. A sudden gust of wind and a forty-mile swirl around a curve cost him his eye-glasses. Fifty feet down the track they struck and splintered.

During his entire career this diplomat had been expounding preparedness, but here he was caught unprepared. For he carried no duplicate pair of glasses.

Retreating to the interior of the car, he was at once recognized and was soon surrounded by a sympathetic group.

"If your Excellency will pardon me," said one of the group, "I should like to make a suggestion. Why don't you wire from Baltimore to your Optometrist in Washington? Request him to wire your prescription to a New York Optometrist, asking him to fill it and to deliver the glasses to you by the station-master when you arrive in New York. Have your Optometrist wire you at Philadelphia if the plan is feasible."

"Is it possible that this might readily be done?" demanded the foreigner in amazement. "I think so, your Excellency," smiled the other confidently.

The story of the distinguished traveler's misfortune and of the novel project to overcome it ran through the car. There was eager speculation as to the outcome. And when, at Philadelphia, a telegram was delivered which read, "Your glasses will be at Pennsylvania station as requested," everybody looked happy and relieved.

MORAL: Be Prepared with an extra pair of glasses.

Making 20 Years of Racing Serve Car Owners Today

IN the early days of automobile
contests, Barney Oldfield—out
to win every race—studied tires.
His consistent success led other
drivers to ask for tires constructed
to his specifications.

Twenty years of road and track
victories—with a steady and increas-
ing demand for tires as he built them
—convinced Barney Oldfield that
these speed tests pointed the way to
a better tire for everyday use.

The enthusiastic reception of Old-
field Cords by the public proved he
was right. Scores of the most
prominent dealers in the country—
and many thousands of car owners,
experienced in the use of tires—bear
witness by their decided preference
that Oldfield is doing a bigger and
better job of tire making.

This volume, handled in an effective
way in every phase of manufac-

ture and distribution, has resulted
in price quotations far below what
you'd expect on tires known to be
better built and more enduring.

Practically every important race
event for three years has been won
on Oldfields. The Wichita Test Run
in which an entire set of Oldfield
Cords covered 34,525 miles on rough
roads proves the mettle of the Most
Trustworthy Tires Built in every-
day driving.

The Master Driver and Tire
Builder has given the public a new
standard of tire wear and tire cost—
a true economy that every car owner
should know about.

Your Oldfield dealer has these
facts—talk to him.

Tires Built

HARD FIGHT TO PASS WRIGHT BILL SEEN

That executives of the Orange
County Temperance committee,
organized to work for the pass-
age of the Wright prohibition en-
forcement act at the November
elections, plan to get out the
largest possible vote, was in-
dicated here today when a state-
ment was issued urging voters
to register on or before next Sat-
urday.

At the same time, the com-
mittee cited as follows the regis-
tration officers in Santa Ana:

J. M. Backs, county clerk's of-
fice, courthouse; George Robin-
son, 618 West Third street; and
Mrs. Carrie W. Flagg, 211 Or-
ange avenue.

Referring to the Wright act,
the statement said that "every
temperance vote in this city will
be needed to pass this measure.
Unless you are registered you
cannot vote!"

A. J. McFadden, county chair-
man of the committee, and A. H.
Theal, city chairman, signed the
statement.

20 STATE TEACHERS RETIRE UNDER PAY

(United Press Leased Wire)
SACRAMENTO, Oct. 5.—Twenty
California teachers were granted
retirement salaries by the state
board of education late yesterday.
All have records of from thirty to
forty years teaching.

The retiring are:

Hester E. Adamson, Visalia; Ella
Saxton Alden, Corona; Emma J.
Barber, San Francisco; Ada L. Bis-
torious, Oakland; Walter A. Doran,
Eagle Rock; Mrs. Jennie L. Erik-
son, San Mateo; Isabel Evans,
Berkeley; Rebecca Fox, Oakland;
Sarah Fox, Berkeley; Elizabeth
Graham, San Francisco; Jessie C.
Trow, Los Angeles; Mrs. Florence
L. Hawes, San Francisco; Florence
Linnell, Chico; Belle L. McDonald,
San Francisco; William H. Mc-
Ilmoll, Upland; Carl H. Nielson,
Vallejo; Amos W. Plummer, Los
Angeles; Anna Stevens, Forter, San
Diego; Mrs. Emma E. Leschinsky,
Price, Redding; Elizabeth J. Smith,
Sacramento.

LINIMENT AS FIREWATER
FRESNO, Oct. 5.—Because they
tried to make liniment function as
"firewater," the police at the
Fresno Fair ground took five bot-
tles of highly alcoholic rubbing
compound away from twelve Dis-
ger Indians who were celebrating
on Thursday night.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating,
Antiseptic Liquid.

It is unnecessary for you to suffer
with Eczema, Blisters, Ringworm,
Rashes and similar skin troubles.
Zemo obtained at any drug store
for 35c, or \$1.00 for extra large
bottle, and promptly applied will
usually give instant relief from
itching torture. It cleanses and
soothes the skin and heals quickly
and effectively most skin diseases.
Zemo is a wonderful, penetrating,
disappearing liquid and is soothing
to the most delicate skin. Get it
today and save all further distress.
—Adv.

PERMITS BARE GREAT GROWTH OF CITY

(Continued From Page 9.)

tions and who were not home seek-
ers. Visitors at the camp in the
next six weeks or two months, in
my opinion, will be mostly persons
who are seeking home locations.
If the people of Santa Ana could
hear the expressions of strangers
concerning Santa Ana, after they
have stopped at the park for a few
days and have driven about the
section, they would appreciate
more than they do, the full value
of the park as an advertising me-
dium and city population developer.
"The camp is a far greater asset
than many people realize, and the
Chamber of Commerce is entitled
to the warmest commendation for
its foresightedness and its public
spirit in providing the accommo-
dations offered."

HOME SEEKERS COMING HERE FROM EAST

(Continued From Page 9.)

be found, according to Decker,
than that shown by the compar-
ative figures from 1903 to 1922.

The total value of the building
permits for 1903, when the first
permit was issued, was \$75,575.

In 1904, the permits amounted to
\$243,389.

The figures for 1905 were \$298,
712.

In 1906, the permits amounted to
\$327,546; in 1907, 211,281; 1908,
\$185,382; and in 1909, \$288,141.

In 1910, the value of the permits
jumped to more than one-half mil-
lion, with a total of \$516,775. There-
after, with few exceptions, the fig-
ures mounted steadily.

The value of the 1911 permits
was \$531,576; 1912, \$602,536; 1913,
\$704,009, and 1914, \$516,775.

For 1915, the figures were \$288,
901, while in 1916 they were \$298,
629.

In 1917 and 1918, respectively,
they were \$314,590 and \$215,344.

In 1919, the value of the permits
climbed to \$771,787, and in 1920
they eclipsed the million and a half
mark, the figures for that year be-
ing \$1,921,109.

The 1921 figures passed the two
million dollar mark, the exact total
being \$2,058,348.

With this year's total standing at
\$2,711,771, indications were that the
value of this year's permits would
exceed, by the last of this month,
last year's total by fully fifty per
cent.

LOCAL BANKER BACK FROM EUROPE

Every time E. W. Bolinger, cash-
ier of the First National bank of
Orange, buys a meal, or rides on a
street car, his mind travels back to
Europe, where he ate a lot of meals
and rode in a lot of street cars and
other kinds of cars.

Bolinger and his son are home
from an extensive trip in Europe,
each with a marvelous fund of in-
teresting impressions and inci-
dents.

"There is a widespread depression
in Germany and Austria," said the
banker. "There is a feeling of des-
pair in an industrial way. The peo-
ple are trying to get out from un-
der the conditions that confront
them, but they don't seem to be
getting anywhere."

Unemployment Bothers.

"Italy is in better shape, but has
a big unemployment problem. Eng-
land's situation comes nearer fitting
ours than did conditions in any
country we visited. England, how-
ever, has a serious unemployment
situation."

"France is in fine shape—every-
body busy and making money."

Bolinger, in picturing the finan-
cial situation in Germany and Aus-
tria, said that prices are extremely
low in everything that has to be
kept in those countries.

"By that," said he, "I mean such
things as railroad and hotel service
and personal service such as bar-
bering. We went from Venice to
Vienna. At Tarvesio, on the
border, we bought tickets to Vienna
for 18,000 kronen, equivalent to
fifty cents in American money. It
was a twelve-hour ride through
mountains—for fifty cents. We got
taxi hire at four cents in our money,
and in Berlin a shave, haircut, and
shampoo for less than ten cents. On
board a diner in Germany we got
a meal for the two of us for twenty-
four cents."

French Prices High.

"Things were very different in
France. France has learned how to
charge. A meal that would cost
twelve or fifteen cents in Berlin
costs \$2.50 in Paris. Near one of
the battlefields in France we
stopped at a little place for choco-
late, fifteen cents a cup."

Bolinger and his son visited many
cities and scores of places of his-
torical interest. They saw desolat-
ed areas. They stood beside the
grave of Roy Rozell, an Orange boy,
who was killed in action.

GROWERS READY FOR CITRUS EXCURSION

Numerous citrus growers of
Orange county are preparing to
participate tomorrow in the an-
nual citrus growers' excu-
sion to Riverside under the aus-
pices of the Orange county farm
bureau and agricultural exten-
sion service. H. E. Wahlberg,
county farm advisor, stated to-
day.

Growers who will attend from
this county in automobiles are
scheduled to assemble at Olive,
where the cavalcade will leave
from in front of the First Na-
tional bank at 8:30 o'clock, en-
route to the citrus experiment
station at Riverside.

Included in what Wahlberg de-
scribes as an extremely profitable
program is the making of a com-
parative study of organic fertiliz-
er plots, showing effects on cit-
rus trees after fourteen years of
experimentation.

The effect of various grades
of root stock on the top growth
of the citrus tree will be shown
in conclusive form by other plots
that have been carried on by the
station for several years.

Actual seeing of the plots and
effects of various treatments will
be the feature of the day. Grow-
ers will not only hear instructive
talks by the experiment station
specialists but also see the ac-
tual results.

The first stop at Riverside will
be the Riboudoux station. The
trip will end early enough so the
growers may return in time
for chores.

SINGING CANINES ARE NUISANCE, IS PLAINT OF SANTA ANA MATRON

Dogs baying at the moon, or sen-
dering operatic concerts, annoy
Mrs. W. A. Griffith, 330 Halesworth
street, she reported to the police to-
day.

Vocally inclined canines at 338
Halesworth street and at 1013 Ri-
verine avenue raise their voices in
unworldly shrieks in the wee sma's
hours, the report states.

Does It Pay to Worry About Appendicitis?

Can appendicitis be guarded
against? Yes, by preventing in-
testinal infection. The intestinal
antiseptic, Adlerika, acts on
BOTH upper and lower bowel re-
moving ALL foul, decaying mat-
ter which might start infection.
EXCELLENT for gas on stomach
or chronic constipation. It re-
moves matter which you never
thought was in your system and
which nothing else can dislodge.
One man reports it is unbelieve-
able the awful impurities Adlerika
brought out—Rowley Drug Co.

clasps set with diamond.

Register Want Ads Bring Quick Results

Just 176 Lots
in the
**BROADMORE
ADDITION,**
at Norwalk

NOTHING LIKE THIS IN ALL CALIFORNIA!

Between wealth-giving Santa Fe Springs Oil Field and the famous Petroleum Center Well
which recently struck a great gas pocket at 1800 feet! Facing the main boulevard, just
opposite the high school, just south of the Union Oil Storage Tanks. Great 50-foot build-
ing lots with city improvements!

That is BROADMORE ADDITION!—just opened for public sale, held until this
moment by a reluctant owner who had been constantly besieged by oil men to sell out.

Norwalk is booming for it is destined to become the distributing center for Califor-
nia's greatest oil field;—and BROADMORE ADDITION is the cream of Norwalk!

As The Result of Yesterday's Sale—There Are a Great Many Less Than 176 Lots

We thought it an impossible task to create such immediate interest and to sell the
number of lots on such short notice as we already have. But—when we consider what
Broadmore Addition offers, what amazing and unparalleled real estate and oil possibili-
ties are present, and how quickly these lots will increase in value, we are not at all surpris-
ed. We are absolutely sold on them! We know nothing can compare with them. We
ask you to take one look—then you'll be glad that you own one of the 176.

EVENING SALUTATION.

Wise men are instructed by reason; men of less understanding by experience; the most ignorant by necessity; and beasts by nature. Cicero.

THE JUNIOR HIGH SCHOOL

With Pasadena to vote this week on a plan for the establishment of a junior high school, interest in the system has been aroused in a number of communities of Southern California. The time is not far distant when Santa Ana must vote bonds to make adequate provision for its junior high school, and for that reason any discussion that throws light on the purposes of the junior high school system is of real consequence to the residents of this city.

A statement, issued by A. C. Olney, commissioner of secondary education, of the State Department of Education, in connection with the situation at Pasadena, is therefore of interest here. Mr. Olney's statement reads as follows:

The junior high school is a means of bridging the sudden transition from elementary to high school. It is an organization of the seventh, eighth and ninth grades on the departmental plan, with promotion by subject instead of by grade. It is a plan to provide for the development of the capabilities and special gifts of individual students rather than to treat all as if they were alike in capacity and ability.

Los Angeles' experience showed that before the junior high schools were organized 54 per cent of their registered pupils dropped out of the ninth grade. In 1914, after the organization of junior high schools there, only 12 per cent dropped out of the ninth grade. It also showed the percentage of pupils leaving the seventh and eighth grade before and after organization of the junior high schools to be as follows:

	Seventh	Eighth
Before	30	12
After	5	4

The present plan of eight years for elementary grades and four for high school gives the same kind of training to all students alike. The nature of the instruction in the seventh and eighth grades is similar to that of the first six grades. The purpose of the junior high school type of instruction is to recognize the effects of the great physical and mental changes brought about in each individual during adolescence, to realize the great variation among different individuals and to meet the needs and requirements of all the pupils by groups.

General courses in general science and in community and home occupations are offered in order that the pupils may explore a wide field of activities. The knowledge gained should enable a pupil to choose the general direction either of his vocation or of his future study.

A number of the leading educators of the state have declared that within a comparatively few years the junior high school will be a part of the organization of every progressive school system in the United States. Dr. Nicholas Murray Butler, president of Columbia College, one of the best known men in America, has this to say:

For many years we have felt that the old-time traditional divisions of our public educational system no longer corresponded to the real facts of intellectual and moral growth and development or to the needs of many communities. It is pretty generally conceded that the old-fashioned eight-year elementary school course is much too long, and that the elementary school program should not extend over six years at most. Similarly it was felt that the old-fashioned four-year high school course was also too long enough and was not properly divided and that a six-year program of secondary studies was more desirable.

Santa Ana is moving in the direction indicated by Mr. Olney and Dr. Butler. Not until within the past year, however, was the ninth grade included in the junior high school. It is there now, and doubtless it is there to stay. The construction of adequate buildings or additions for this important school cannot be long delayed.

WITHDRAWN CAMPAIGN FUNDS

A Columbia University professor, member of the American Bar Association and authority on taxation, suggests that the public, particularly business men, could get prompt action from Congress in the matter of reducing federal expenditures, by the simple method of refusing to make any more political campaign donations until Congress had taken the desired steps in economy.

The public is accustomed to being told that all its troubles are its own fault, and the remedies lie in a wiser use of the vote. It is a new idea that withdrawn campaign contributions would work faster than well-filled ballot boxes.

It isn't difficult to see that government expenditures remain pretty high, and that taxes might be comfortably lowered. And maybe the answer is a yawning and empty campaign purse for each of the big political parties.

Still, that isn't the best way to do things in this country. And wouldn't it take just about as long to educate all possible campaign contributors in the wisdom of such united action as it would take to educate voters in the effective use of the vote?

INDIAN CITIZENSHIP

The Indian Fellowship League, which has just held its fourth annual convention in Chicago, closed its session with a resolution calling upon the President and Congress to enact legislation giving the Indian full citizenship rights. The resolution noted especially that "the Indians are the only race living amid civilization without a flag or without a country."

The Red Man, even at this late date, probably will have a struggle to attain full citizenship. Yet it is hard to believe that, en masse, he is not just as much entitled to it as any other racial group in this country.

There are not Indians enough to wreck the government if the ballot were put into their hands, even if they had the inclination, so they hardly loom as a menace. On the other hand there are many individuals among them far better qualified for the intelligent exercise of citizenship than many persons who already enjoy it as a birthright. To give them citizenship as a race might prove just the stimulus they need to spur them on to self-improvement.

BUSY FREIGHT CARS

Railroad activity usually tells the truest tale of business conditions, and railroad activity is shown best by the movement of freight cars.

In the worst phase of the business slump there were more than 500,000 idle cars in the country, with 15,000,000 tons of carrying capacity. Early in

September this surplus had fallen to 43,000 cars, with 68,000 cars wanted by shippers which for various reasons could not be furnished at the time. Thus the half-million surplus of idle cars is altogether wiped out. There is now an actual car shortage, which is growing as business accelerates its pace and the demand for transportation increases.

Busy cars mean busy people. The labor surplus also is practically wiped out. Such unemployment as still exists is local and fragmentary, and the few idle men, like the idle cars, could find instant employment if it were possible to get them where they are wanted.

So it looks like full speed ahead for the coming winter.

RUBBER FOR ROAD BUILDING

Marshall M. Vance, American consul in Ceylon, writes that the city of Colombo is experimenting with rubber roads.

The rubber is used as a surface dressing, applied like a coat of asphalt. Then gravel is steam-rolled into it.

Tests so far indicate that rubber makes the best road and in the long run is not the costliest pavement. It might be different over here, but it is an experiment that will interest a large number of citizens of this state.

The art of road paving is in its infancy, at least, our ideas concerning it have changed considerably in the past half-dozen years, and they may change considerably in the next half-dozen. There are plenty of assertive men who say that asphalt is a road material won't do, and others who say as positive that cement concrete will not stand up.

If asphalt and cement asphalt won't do, what will?

MOBS AND SHERIFFS

Georgia the other day celebrated its ninth lynching in two months. A mob in Wrightsville took a negro from the county offices, hanged him to a tree and riddled the body with bullets.

The negro was charged with assaulting the daughter of a prominent farmer last March. The young woman was not injured. On the day of the lynching she was to appear in court as a witness against the prisoner. There was no question that he would be found guilty. The mob's excuse for lynching him was the mere fear that he would "get off light."

"The mob took my deputies and me by surprise," says the sheriff, "and there was nothing we could do but surrender the negro or get killed ourselves."

As long as sheriffs are elected who yield so tamely to any mob threat, lynchings will continue. A sheriff with courage to do his duty is usually a match for any mob—especially a mob with a poor case.

Where Woolwine Stands

Woolwine has made the Wright enforcement act an issue. He has aligned himself with those who are seeking through the referendum to veto it and he says that he will, if elected governor, veto any future act similar to the Wright act. While he calls this a wine and beer platform, it is in fact non-enforcement of the law. He is an attorney and he knows that the supreme court of the United States says the last word on the meaning of the constitution and that it has said that the 18th amendment imposes, not upon congress alone, but upon congress and the states the duty to enforce it. He knows that the supreme court of one of the wettest states (Louisiana) expressed the accepted view of the 18th amendment when it said:

"When we look into the 18th amendment itself we find an express command to both governments, (state and federal), to pass acts of the nature of act 8." (An enforcement act similar to the Wright act). He knows also that 46 states, wet and dry, have met this requirement by the passage of acts similar to the Wright act.

Furthermore, his own explanation of his wine and beer platform exposes it as a fake. It consists in joining in the campaign to veto, through the referendum, the Wright act, and in a pledge to veto future enforcement acts. This would not permit wine and beer. It would operate to permit bootleg booze. There is only one way in which wine and beer can get the sanction of law and that is by an amendment of the national law. What Woolwine declares for is not the amendment of the national law, but the violation of it by the refusal to enforce it. He cannot but be aware that this proposed veto will not give the people of California wine and beer but it will give them bootleg booze.

Stated in plain language, Woolwine's wine and beer platform is a pledge to repudiate the obligation imposed on the state by the constitution of the United States, not for the sake of wine and beer, which he cannot permit as governor, but for the sake of bootleg booze.

Prohibiting Jay Walking

They do some things very well indeed in the small cities and towns. There is the Little burg, Iowa City, for instance. One hardly would look to a small town in an agricultural state for model action for the breaking up of the dangerous practice of "jay walking." And yet Iowa City has an ordinance which many of the larger cities might copy with advantage. The Iowa City ordinance forbids pedestrians to cut across corners in either the business or the residence district of the town.

The time has come, in dealing with the traffic problem in all cities, and towns, when restrictions should be placed upon pedestrians as well as upon drivers of automobiles and trolley cars. Many misdeeds in traffic are due to the willful disregard of the plain rules of safety by those who are afoot. Regulation and restriction should be impartial as between drivers and pedestrians.

Deserves Encouragement

Over a hundred thousand people visited the Yosemite valley this season—a record breaking number. Also this number is larger than visited any other spot, so far as recorded, save our own Bear valley. The San Bernardino mountains, as the playground of Southern California, and especially in view of the fact that the season in Southern California is so much later than it is anywhere else, that is, continues longer, deserves every possible encouragement on the part of both state and federal governments.

Henry Ford is the richest man in the world. Little drops of water make the ocean. But look at what little flivvers went and did.—San Diego Union. Another of the undertaker's friends is the callow youth who wobbles up and down the highway each evening with his left hand holding the steering wheel of a flivver and his right arm supporting his sweetie.—Chico Record.

Hooking a Ride on the Wagon

California Farm Lands

San Francisco Journal

Among all the states of the Union California stood second in the value of the farm crops it raised in 1920. Far-reaching Texas was first. It alone surpassed us. All the remainder of the states trailed to our rear in the value of the products grown upon their farms.

Since 1920 the value of farm lands has decreased owing to the general downward trend of the prices of their products. This has been the case everywhere in this country, and it doubtless is a condition which must continue until reviving prices of products force upward the valuation placed upon the lands.

But note this fact, for it is of great interest to Californians: Although every state in the Union save one has less farm products than we, there is no state whose farm lands have depreciated so little in value as is the case in California. It is a somewhat startling fact, but one need not look far in order to account for it.

Here is the explanation: A large porportion of our farm crops are unique in their character; they can be raised in California and rarely elsewhere in this country. Through good times or bad the demand for them is constant, and California alone can supply it. This is why a fairly constant valuation may be placed upon the land on which such products can be grown.

Witness Imperial county, with its annual shipment of 20,000 carloads of products, many of which are tropical or semi-tropical in their character. Witness Fresno with almost a monopoly of America's crop of raisins. Witness various districts from which the citrus fruits are shipped. While California all but has a monopoly on many products that Americans require, there need be little fear that there will not be constant demand for her lands, and that demand will insure fair prices for them.

It is interesting, too, to remember that here much of development still is in its infancy. Given the population of some European countries, our population of three and one-half millions would have increased to ten times that number. Our great central valley is a principality in itself, and such a principality! Imagination scarcely can conceive its agricultural and horticultural possibilities in the day to come when complete irrigation shall have perfected every possibility that now lies dormant in it. And this that is said of the great valley also may be written of the many smaller ones.

Second in farm products; first in the value of its farm lands. The people of California are most fortunate in that which nature has granted to them.

Old Favorites

THE CHAMBERED NAUTILUS

By Oliver Wendell Holmes

Oliver Wendell Holmes, poet, novelist, and essayist, born in Cambridge, Mass., in 1809; died 1894. He was educated at Harvard University, gaining while there three medals for dissertations. He started the study of law, but soon gave it up for that of medicine. From 1847 to 1852 he was a professor in the Harvard Medical School. He wrote "The Autocrat of the Breakfast Table" for the "Atlantic Monthly."

THE CHAMBERED NAUTILUS

This is the ship of pearl, which, poets feign,
Sails the unshadow'd main—
The centurion bark that flings
On the sweet summer wind its purple wings
In gulfs enchanted, where the Siren sings,
And coral reefs lie bare,
Where the cold sea-maids rise to sun their streaming hair.

Its webs of living gauze no more unfurl;
Wreck'd is the ship of pearl!
And every chamber'd cell,
Where its dim dreaming life was wont to dwell,
As the frail tenant shaped his growing shell,
Before thee lies reveal'd—
Its iris'd ceiling rent, its sunless crypt unseal'd!

Year after year beheld the silent toil
That spread his lustrous coil;
Still, as th' spiral grew,
He left the past year's dwelling for the new,
Stole with soft step its shining archway through,
Built up his idle door,
Stretch'd in his last-found home, and knew the old no more.

Thanks for the heavenly message brought by thee,
Child of the wandering sea,
Cast from her lap, forlorn!
From thy dead lips a clearer note is born
Than ever Triton blew from wreathed horn!
While on mine ear it rings,
Through the deep caves of thought I hear a voice that sings:—

Build thee more stately mansions, O my soul,
As the swift seasons roll!
Leave thy low-vaulted past!
Let that new temple, nobler than the last,
Shut thee from heaven with a dome more vast,
Till thou at length art free,
Leaving thine outgrown shell by life's unresting sea!

IN THE LONG AGO

From the Register Files

OCTOBER 5, 1908.

Today stakes were driven for the monster tent on the corner of Main and Second streets. This will house the Carnival of Products.

Paving on South Main street between Second and Bishop streets will begin Wednesday.

Anaheim Union High school now has an enrollment of eighty-five students, the largest in its history.

The total membership in the Santa Ana public library is now 3045.

Local high school pupils are reported to have earned more than \$10,000 during the summer months.

At the Intermediate League social at the South Methodist church Friday night the program included the following: Instrumental duet, Harry Warner and Cora Seifert; vocal solo, Ben Reisdand; address, Charles Martin; vocal solo, Elbert Jones; instrumental solo, Cora Seifert.

The Congregational Association of Southern California opened its conference here today at the First Congregational church. At Wednesday afternoon's session Edward M. Neally of Santa Ana will read a paper.

HEALTH

Something About How to Keep Well.

IT MAY NOT BE OVERWORK. So much is heard nowadays of "overworking."

This business man is all run down from overworking, or that college girl has ruined her health from too much study.

Most people, however, who are "overworked" are, properly speaking, simply the victims of bad air, bad diet or worry.

They believe that because they are tired, it must be the work that is hurting them. Work seldom hurts anyone who is physically fit. That is the one big essential. Keep every organ and muscle in your body in trim and you will be able to stand any amount of work.

People who get all run down from overwork and then are forced to take vacations, naturally improve in health while resting, but if they had taken care of themselves at work no forced vacations would have been necessary.

When the body has a terrible load of unhygienic habits to carry, additional work is a strain.

Illnesses and disabilities are attributed very commonly to the less important instead of the most important causes. Consequently, the average health-seeker makes the error of correcting his daily regime in some non-essential respect. Great and permanent results require the adoption of an all-around, well-balanced regime.

Don't say you haven't time to take care of yourself. Simply form hygienic habits, exercising all you can, sleeping eight hours every night, and eating plenty of vegetables and fruits, and your health will take care of itself.

Odd and Interesting

Ten thousand, seven hundred and thirty-one passengers were carried to and from England in airplanes last year.

Rather than desert the eggs on which she was sitting, a hen was recently burned to death in a poultry house fire.

Many waitresses in hotels and restaurants believe that if they count their lips before the end of the day the "takings" will fall off. Old age is comparatively less.

PRESS COMMENT ON
STATE POLITICS

Articles reported under this heading may or may not express the views of The Register. They are printed as news for the purpose of giving Register readers an idea of the Press Opinions of the state.

ELECT THE ENTIRE
REPUBLICAN TICKET

Oroville Daily Register, Sept.

26.—In an organization the membership of which runs far into the hundreds of thousands, it is inevitable that differences of opinions develop and that the expression of such differences becomes heated in times of special stress.

The Republican party in California has emerged from such a period. The majority of the party, both through electors and properly delegated representatives, however, has spoken, and the important thing now is to forget the unwise and unkind things that have been spoken and to turn eyes forward to the work in hand, that of electing the entire Republican ticket at the general election in November.

The fact should not be forgotten that the Republican party is and has been the forward looking party in California. The Republican party has been the organization that has written upon the state books of California legislation that has made this state conform more nearly than any other state of the Union, to the great ideal of a government for, of any by the people.

The party stands today solemnly pledged to continue along the path of legislative enlightenment along which it has so steadfastly trod for the past twelve years.

The nominee of the party for Governor, Friend W. Richardson, stands unequivocally on a platform promising a maximum of economy in the administration of

the affairs of the State. He has pledged himself to retrenchment without impairment of governmental efficiency.

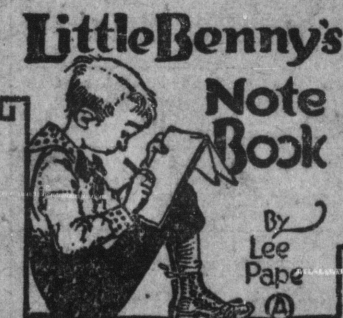

No person in the United States has been a more pronounced figure in the battle for Americanism than has the candidate of the Republican party for the United States Senate, Hiram W. Johnson. His ability, his courage and his patriotism have made him one of the outstanding figures in America today. He has taken to Congress the same zeal for humanitarian legislation that marked his career as Governor of California. He has been of invaluable assistance in fostering the material prosperity of California.

The record of the party as well as the character of the men nominated should inspire the confidence of voters, and should enlist their active support in the campaign.

And after all, it must be remembered that campaigns are won not by central committees or State chairmen, but by electors casting their ballots at the polls.

Of course, in an association of persons running into huge numbers, absolute agreement is impossible, and cannot be expected. Substantial accord is all that can be hoped for. Where such substantial accord exists, electors should rally actively and aggressively to the support of the party during the campaign. Both commissioned officers and the privates in the service must fight.

If this is done the Republican party will continue to be in California the same party of enlightened accomplishment that it has been in the past.

Sattiday morning I was eround

at Smits grocery store and I herd Mr. Smit talking on the telephone saying, Ill have it over as soon as possible, Mrs. Jennings, but I can't say for sure because my boy is sick this morning.

Givning me a ideer how to make some money and I sed, Do you want anybody to deliver stuff for you today, Mr. Smit? and he sed, WY yes I do, that jest wat I do want, how would you like to make a dollar?

All rite, very much, I sed, and he sed, Then start in by taking this hed of lettuce and these soop greens eround to Mrs. Jennings, thats the big house on Broad street with the iron fents eround the yard, she wants it right away, the less she orders the quicker she wants it. Hurry back and by that time Ill have a lot of stuff ready to go out.

And he handed me a paper bag with stuff in it and I went to the big house with the iron fents and wawked throo the iron gate and jest then a dog ran from eround the back of the house barking like anything. Being a little dog with a ixpression like a big one, me saying, Get away, get away. Wich it got neerer in sted, barking like everything, and I quick dropped the paper bag and started to wawk out backwards and the dog grabbed a hold of the bag and jumped all eround shaking it is if it thawt

it was one of its worst enemies, and the lettuces and the soop greens came all apart and went all over the yard, and some lady stuck her hed out of the dining room window saying, Goodness, grayshis, look at my lettuce, look at my soop greens. Wats the matter, boy, that dogs only playin, he wouldnt tutch you, she sed.

Well he touched the lettuce all rite, I sed still wawkint out backwards, and she sed, Hes ruined it, I cant use that, go rite back and tell Mr. Smit to send me another hed of lettuce and more soop greens, Imfeeddly.

Maybe you better, Im going somewares else, I sed.

Wich I did, being eround to my cuzzin Ardes for the rest of the day.

Time to Smile

An old gentleman whose hobby was homing pigeons took one of his pets to a public park. A few people gathered around to watch him and this attracted the attention of a policeman.

"What are you doing here?" the latter asked.

"Getting ready to fly this pigeon."

"You can't fly your pigeon here."

"Why not?"

"It's against the rules—that's all. If you try it, I shall be obliged to arrest you."

The old gentleman placed the pigeon on the ground, stroked it and said to it gravely, "I can't toss you up here, for it's against the law. So you must walk home. Do you hear? You must walk home."—Boston Transcript.

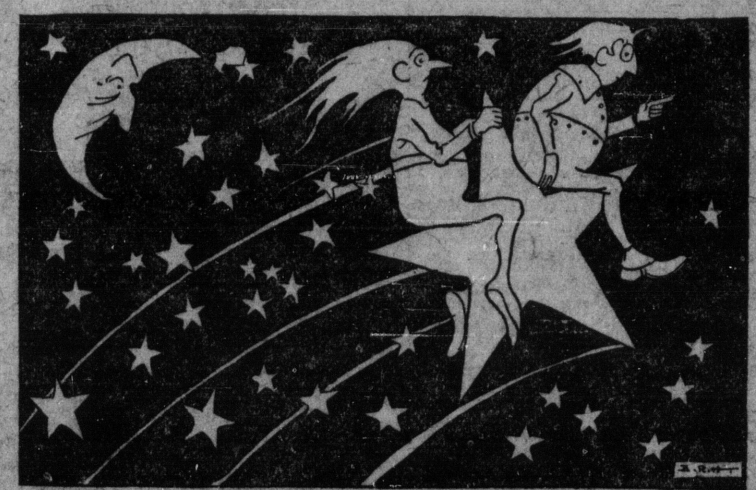

Scripture

A wholesome tongue is a tree of life; but perverseness therein is a breach in the spirit.—Proverbs 15:4.

Adventures of The Twins

Twins Rescued!

By Olive Roberts Barton

Light Fingers and Comet-Legs were after Nancy and Nick, and Nancy and Nick, you must know, were likely to be caught. They were in the Fairy Queen's automobile and were stuck in a muddy ditch beside the road.

But the Green Wizard saw the danger and just as the two bad fairies reached the car he threw an enchanted sheet over the Twins, automobile and all, and they became invisible at once.

For goodness sake!" cried Light Fingers. "I must be going blind. Tell me, Comet-Legs, did I or did I not see the magic automobile with the Twins in it?"

"You did!" declared Comet-Legs, "for I saw it myself. But I don't see it now. Something must have happened. Now what do you suppose it was?"

The two bad fairies wondered and wondered, but that's all the good it did them.

By and by they wandered off.
